She also discusses posing the face, with specific sections dedicated to the chin, jaw, eyes, and forehead, as well as posing hands. In the second half of the book, Lindsay dedicates entire chapters to posing specific subject matter: women, men, couples, curvy women, families, and small groups and large groups. In each chapter, Lindsay addresses that subject matter's specific challenges, provides go-to poses you can always use, and covers how to train the eye to determine the best pose for your subject.
