September 1297, David and Lili have returned to the medieval world with supplies, scientists from the Bangor Institute, a Mossad spy, and four mercenaries from Zeeland who hijacked their helicopter in an attempt to change the course of Earth Two's history. If the beginning of the latest adventure in the modern world was unexpected, the ending was even more so. Now David has yet another collection of wayward twenty-first century people to deal with, ones he definitely would have preferred had stayed at home.
