Beyond the Myth Jayati Bhattacharya, 2011 This book is a macro study of Indian business communities in Singapore through different phases of their growth since colonial times It goes beyond the

conventional labour history approach to study Indian immigrants to Southeast Asia both in terms of themselves and their connections with the peoples movements It looks at how Indian business communities negotiated with others in the environments in which they found themselves and adapted to them in novel ways It especially brings into focus the patterns and integration of the Indian networks in the large scale transnational flows of capital one of the least studied aspects of the diaspora history in this part of the world

The Oxford Handbook of Asian Business Systems Michael A. Witt, Gordon Redding, 2014-01-30 Much of the existing literature within the varieties of capitalism VOC and comparative business systems fields of research is heavily focused on Europe Japan and the Anglo Saxon nations As a result the field has yet to produce a detailed empirical picture of the institutional structures of most Asian nations and to explore to what extent existing theory applies to the Asian context The Oxford Handbook of Asian Business Systems aims to address this imbalance by exploring the shape and consequences of institutional variations across the political economies of different societies within Asia Drawing on the deep knowledge of 32 leading experts this book presents an empirical comparative institutional analysis of 13 major Asian business systems between India and Japan To aid comparison each country chapter follows the same consistent outline Complementing the country chapters are eleven contributions examining major themes across the region in comparative perspective and linking the empirical picture to existing theory on these themes A further three chapters provide perspectives on the influence of history and institutional change The concluding chapters spell out the implications of all these chapters for scholars in the field and for business practitioners in Asia The Handbook is a major reference work for scholars researching the causes of success and failure in international business in Asia

ASEAN Industries and the Challenge from China D. Jarvis, A. The Korean Automotive Industry, Volume 2 A.J. Jacobs, 2023-08-24 This volume chronicles the maturation of the South Korean auto industry and its native automakers from the 1997 Asian Crisis to 2019 After examining the context for domestic vehicle

production in South Korea the author presents multiple case studies for all five Korean automakers General Motors Korea Daewoo Motors Kia Hyundai Ssangyong and Renault Samsung This includes coverage of Hyundai Kia s foreign plants in North America Europe India China and Emerging Asia The book closes by assessing the five to ten year future outlooks for Korean automakers at home and abroad This important work will prove informative to scholars of business management automotive history international development Asian studies and public administration The Japanese in the Western Mind Perry Hinton,2023-06-16 This fascinating book is an insightful exploration of Western perceptions and representations of Japanese culture and society drawing on social and cultural psychological ideas around stereotypes and intercultural relations Hinton considers how the West views the Japanese as an ideologically different other and proposes a cultural theory of stereotypes from which to explore Western observations of the Japanese The book explores Western socio cultural representations of the Japanese alongside Edward Said s well known theory of Orientalism It examines the West s intercultural relationship with Japan and how this has changed over time to show how the Japanese have been represented in the Western mind throughout history to the present day Hinton argues that our view of other cultures is based on our own cultural expectations which involve complex issues of meaning making and perceived cultural differences This book foregrounds the research through accounts of Westerners about the Japanese to reveal how cultural representations can influence the ways in which people from different cultures communicate in interaction and how intercultural understanding or misunderstanding can arise By reflecting on the changing Western representations of the Japanese and how and why these have emerged this book will be of interest to students academics and general readers interested in stereotypes cultural psychology intercultural communication anthropology and Japanese culture and history *Human Resource Management in an Emerging South Asian Economy* Tamer K. Darwish,Pengiran Muda Abdul Fattaah,2020-01-22 This book focuses on human resource management HRM in the country context of Brunei Darussalam analysing comparing and contrasting domestic enterprises DEs with multinational enterprises MNEs and oil and gas with non oil and gas sectors and draws out the comparative lessons for understanding the potential and performance consequences of HR interventions in resource centred national economies Work carried out more recently drawing a contrast between Asian capitalisms has established a number of important defining aspects inherent in economies in Asia this helps to present approaches to establishing the way in which Brunei may be seen to be aligned with and depart from other business systems and frameworks in Asia The existing literature highlights a trend towards focusing on the Asian context however most studies have focused on specific Asian countries and research conducted in other contexts remains scarce As the region gains economic prosperity it is increasingly important to conduct some work that will be able to highlight the relevant HRM system s for other Asian contexts Although some emerging Asian economies are still quite far from achieving developed nation status it is however essential to understand the HRM systems prevalent in such economies as they can contribute greatly to the economic development there

Hence this book highlights the importance of viewing the development and nature of HR in Brunei and locates the practice of HRM within the wider economic and political context and draws out the theoretical and practical implications for understanding continuity in change in HR practice and similarities with and differences from other emerging markets It will be of interest to researchers academics and students in international and comparative human resource management
