Transnational American Memories Udo Hebel, 2009-09-04 The volume gathers twenty original essays by experts of American memory studies from the United States and Europe. It extends discussions of U S American cultures of memory commemorative identity construction and the politics of remembrance into the topical field of transnational and comparative American studies. In the contexts of the theoretical turns since the 1990s including prominently the pictorial and the spatial turns and in the wake of multicultural and international conceptions of American history the contributions to the collection explore the cultural productivity and political implications of both officially endorsed memories and practices of oppositional remembrance. Reading sites of memory situated in or related to the United States as crossroads of transnational and intercultural remembering and commemoration manifests their possibly controversial function as platforms and agents in the processes of cultural exchange and political negotiation across the spatial temporal and ideological trajectories that inform American Studies as Atlantic Studies Hemispheric Studies Pacific Studies. The interdisciplinary range of issues and materials engaged includes literary texts personal accounts and cultural performances from colonial times through the immediate present the significance of war monuments and ethnic memorials in Europe Asia and the U S films about 9 11 public sculptures and the fine arts American world s fairs as transnational sites of memory.

The Theatre of David Henry Hwang Esther Kim Lee, 2015-12-17 Since the premiere of his play *FOB* in 1979 the Chinese American playwright David Henry Hwang has made a significant impact in the U S and beyond. *The Theatre of David Henry Hwang* provides an in depth study of his plays and other works in theatre. Beginning with his *Trilogy of Chinese America* Esther Kim Lee traces all major phases of his playwriting career. Utilizing historical and dramaturgical analysis she argues that Hwang has developed a unique style of meta theatricality and irony in writing plays that are both politically charged and commercially viable. The book also features three essays written by scholars of Asian American theatre and a comprehensive list of primary and secondary sources on his oeuvre. This comprehensive study of Hwang s work follows his career both chronologically and thematically. The first chapter analyzes Hwang s early plays *Trilogy of Chinese America* in which he explores issues of identity and cultural assimilation particular to Chinese Americans. Chapter two looks at four plays characterised as *Beyond Chinese America* which examines Hwang s less known plays. Chapter three focuses on *M. Butterfly*.

which received the Tony Award for Best Play in 1988 In chapter four Lee explores Hwang s development as a playwright during the decade of the 1990s with a focus on identity politics and multiculturalism Chapter five examines Hwang s playwriting style in depth with a discussion of Hwang s more recent plays such as Yellow Face and Chinglish The sixth chapter features three essays written by leading scholars in Asian American theatre Josephine Lee on Flower Drum Song Dan Bacalzo on Golden Child and Daphne Lei on Chinglish The final section provides a comprehensive compilation of sources a chronology a bibliography of Hwang s works reviews and critical sources

Understanding David Henry Hwang William C. Boles, 2013-12-15 David Henry Hwang is best known as the author of M Butterfly which won a 1988 Tony Award and was a finalist for a Pulitzer Prize and he has written the Obie Award winners Golden Child and FOB as well as Family Devotions Sound and Beauty Rich Relations and a revised version of Flower Drum Song His Yellow Face won a 2008 Obie Award and was a finalist for a Pulitzer Prize Understanding David Henry Hwang is a critical study of Hwang s playwriting process as well as the role of identity in each one of Hwang s major theatrical works A first generation Asian American Hwang intrinsically understands the complications surrounding the competing attractiveness of an American identity with its freedoms in contrast to the importance of a cultural and ethnic identity connected to another country s culture William C Boles examines Hwang s plays by exploring the perplexing struggles surrounding Asian and Asian American stereotypes values and identity Boles argues that Hwang deliberately uses stereotypes in order to subvert them while at other times he embraces the dual complexity of ethnicity when it is tied to national identity and ethnic history In addition to the individual questions of identity as they pertain to ethnicity Boles discusses how Hwang s plays explore identity issues of gender religion profession and sexuality The volume concludes with a treatment of Chinglish both in the context of rising Chinese economic prominence and in the context of Hwang s previous work Hwang has written ten short plays including The Dance and the Railroad five screenplays and many librettos for musical theater The recipient of fellowships from the National Endowment for the Arts and the Guggenheim and Rockefeller foundations Hwang was appointed by President Bill Clinton to the President s Committee on the Arts and the Humanities
