Aspects of Occultism Dion Fortune, 2025-09-12 When Dion Fortune wrote *Aspects of Occultism* occultism was an umbrella word used to describe hidden lore secret traditions and arcane knowledge Today when the word occult is often confused for cult and all its negative aspects Fortune s essays would be better referred to as esoteric studies In this book she discusses evocative magic the sites of Druid worship parallels between Christianity and the Qabalah the astral plane auras spiritual healing power cycles and our relationship with the Higher Self This revised edition includes a new introduction by Gareth Knight an index and an additional essay by Fortune The Myth of the Round Table People familiar with Fortune s work will love this book

Dion Fortune, 2025-09-12 Offers the reader an in depth look at what occultism can be to the rational and well trained practitioner Fortune presents a clear discussion sweeping aside our cultural assumptions and stereotypes She is able to place occultism in its proper place as a philosophy that employs scientific and rational methodology to explore the meaning of life while retaining religious overtones She reveals the heart of occult ethics and ideals that occult research seeks to aid people in achieving enlightenment

Studies in Occultism: Kosmic mind - The dual aspect of wisdom Helena Petrovna Blavatsky, 1895 *Occult Features of Anarchism* Erica Lagalis, 2019-02-01 In the nineteenth century anarchists were accused of conspiracy by governments afraid of revolution but in the current century various conspiracy theories suggest that anarchists are controlled by government itself The Illuminati were a network of intellectuals who argued for self government and against private property yet the public is now often told that they were and are the very group that controls governments and defends private property around the world Intervening in such misinformation Lagalis works with primary and secondary sources in multiple languages to set straight the history of the Left and illustrate the actual relationship between revolutionism pantheistic occult philosophy and the clandestine fraternity Exploring hidden correspondences between anarchism Renaissance magic and New Age movements Lagalis also advances critical scholarship regarding leftist attachments to secular politics Inspired by anthropological fieldwork within today s anarchist movements her essay challenges anarchist atheism insofar as it poses practical challenges for coalition politics in today s world Studying anarchism as a historical object *Occult Features of Anarchism* also shows how the development of leftist theory and practice within clandestine masculine public spheres continues to inform contemporary anarchist understandings of the political in which men s oppression by the state becomes the prototype for power in general Readers behold how gender and religion become privatized in radical counterculture a historical process intimately linked to the privatization of gender and religion by the modern nation state
