Congress. House. Committee on Science, Space, and Technology (2011). Subcommittee on Oversight, 2013 *Ebook: Sociology: A Brief Introduction* Schaefer, 2014-10-16 Ebook Sociology A Brief Introduction **2012-2013 College Admissions Data Sourcebook Southeast Edition , Toxic Sexual Politics** Melina Packer, 2025-01-28 A bold exposé of how the very foundation of toxicology has been contaminated by sexist and racist ideologies The first critical understanding of the field of toxicology from a feminist and antiracist perspective Toxic Sexual Politics asserts that the science of toxicants must be held accountable for the uneven distribution of toxic pollution along

racial and sexual lines Drawing upon in depth interviews and extensive ethnographic and archival research including participant observations in toxicology classrooms conferences and laboratories Melina Packer urges environmental health advocates to place toxicant science within its masculinist militarist and eugenicist history Toxic Sexual Politics shows how the founding fathers of U S toxicology were ideologically aligned with the chemical industry inventing a science that could make chemicals safe as opposed to one that could adequately protect planetary health from toxicants hazards While many toxicologists today are critical of the chemical industry they continue to rely on the highly limited tools of toxicology as accurate measures of toxicity as do government regulators the courts and environmental advocates Unlike most critiques of the chemical industry and narratives of environmental health movements Toxic Sexual Politics refuses to take the science at face value By focusing on the sexist racist and ableist biases reinforced by toxicology Packer powerfully argues that this scientific discipline reproduces the very same white supremacist and heterosexist logics that generated environmental injustices in the first place The field of toxicology can explicitly confront chemical corporate power by building from queer feminist anti ableist and antiracist movements for environmental and reproductive justice
