Understanding by Design Grant P. Wiggins, Jay McTighe, 2005 What is understanding and how does it differ from knowledge How can we determine the big ideas worth understanding Why is understanding an important teaching goal and how do we know when students have attained it How can we create a rigorous and engaging curriculum that focuses on understanding and leads to improved student performance in today s high stakes standards based environment Authors Grant Wiggins and Jay McTighe answer these and many other questions in this second edition of *Understanding by Design* Drawing on feedback from thousands of educators around the world who have used the UbD framework since its introduction in 1998 the authors have greatly revised and expanded their original work to

guide educators across the K 16 spectrum in the design of curriculum assessment and instruction With an improved UbD Template at its core the book explains the rationale of backward design and explores in greater depth the meaning of such key ideas as essential questions and transfer tasks Readers will learn why the familiar coverage and activity based approaches to curriculum design fall short and how a focus on the six facets of understanding can enrich student learning With an expanded array of practical strategies tools and examples from all subject areas the book demonstrates how the research based principles of Understanding by Design apply to district frameworks as well as to individual units of curriculum Combining provocative ideas thoughtful analysis and tested approaches this new edition of Understanding by Design offers teacher designers a clear path to the creation of curriculum that ensures better learning and a more stimulating experience for students and teachers alike

Designing Second Language Performance Assessments John M. Norris,1998 This volume focuses on the decision making potential provided by second language performance assessments The authors first situate performance assessment within a broader discussion of alternatives in language assessment and in educational assessment in general They then discuss issues in performance assessment design implementation reliability and validity Finally they present a prototype framework for second language performance assessment based on the integration of theoretical underpinnings and research findings from the task based language teaching literature the language testing literature and the educational measurement literature The authors outline test and item specifications and they present numerous examples of prototypical language tasks They also propose a research agenda focusing on the operationalization of second language performance assessments

Assessing Student Learning by Design Jay McTighe,Steve Ferrara,2021 How can we help teachers use classroom assessments to gather appropriate evidence for all valued learning goals and to use those assessments not just to measure learning but to promote it This book provides an answer in a practical proven and principled Assessment Planning Framework that moves away from solely multiple choice tests toward a wide range of approaches to classroom assessment activities including performance based assessments The Framework examines four different types of learning goals considers various purposes and audiences for assessment information reviews five categories of classroom assessment methods and presents options for communicating actionable results To the authors the primary purpose of classroom assessment is to inform teaching and learning rather than simply to assign grades This concise resource will be a reliable go to reference for teachers school leaders mentors and coaches in guiding classroom assessment practices and understanding their underlying principles

Book Features Builds on the classic book *Understanding by Design* written by Grant Wiggins and Jay McTighe Offers a practical nontechnical presentation appropriate for teacher preparation and busy practitioners K 16 Explores different purposes for and methods of classroom assessment and grading Addresses assessment of academic standards as well as transdisciplinary outcomes such as 21st century skills Describes the principles and practices underlying standards based grading
