relates and responds to them as well. It's written in black and white with a no holds barred approach forcing women to take a step back and think a moment before engaging in conversations, relationships, affairs, sexual encounters, and more with the opposite sex. Keeping it real and delivering the all-out truth was undoubtedly Moore's main focus when writing this book. Although candid and direct, this book will prove to be very enlightening as it gives intimate details on what men are looking for physically, mentally, socially, and emotionally versus what they're actually witnessing, experiencing, and in some cases tolerating. A mature and open-minded intellect will really understand and appreciate this representation of the male point of view. This book is the perfect starting point for women to evaluate themselves with a little more detail before pointing fingers and tossing blame at the endless reasons surrounding why they can't find a good man.
