ROBERT B. SHAW

Blank Verse A Guide To Its History And Use

Nigel McLoughlin

Blank Verse A Guide To Its History And Use:

Blank Verse Robert Burns Shaw, 2007 With its compact but inclusive survey of more than four centuries of poetry Blank Verse is filled with practical advice for poets of our own day who may wish to attempt the form or enhance their mastery of it Enriched with numerous examples Shaw's discussions of verse technique are lively and accessible inviting to all An Introduction to Poetic Forms Patrick Gill, 2022-12-29 An Introduction to Poetic Forms offers specimen discussions of poems through the lens of form While each of its chapters does provide a standard definition of the form in question in its opening paragraphs their main objective is to provide readings of specific examples to illustrate how individual poets have deviated from or subverted those expectations usually associated with the form under discussion While providing the most vital information on the most widely taught forms of poetry then this collection will very quickly demonstrate that counting syllables and naming rhyme schemes is not the be all and end all of poetic form Instead each chapter will contain cross references to other literary forms and periods as well as make clear the importance of the respective form to the culture at large be it the democratising communicative power of the ballad or the objectifying male gaze of the blazon and resistance to same in the contreblazon the efficacy of form is explored in the fullness of its cultural dimensions In using standard definitions only as a starting point and instead focusing on lively debates around the cultural impact of poetic form the textbook helps students and instructors to see poetic forms not as a static and lifeless affair but as living breathing testament to the ongoing evolution of cultural debates In the final analysis the book is interested in showing the complexities and contradictions inherent in the very nature of literary form itself how each concrete example deviates from the standard template while at the same time employing it as a foil to generate meaning Handbook of Poetic Forms Jessica Bundschuh, Irmtraud Huber, 2025-10-06 This Handbook of Poetic Forms aims to offer historically informed approaches to a wide variety of poetic forms A particular emphasis will be on considering poetic form in dialogue with the cultural context in which it is being used as well as within the literary tradition of each form and to explore the stable as well as the historically variable affordances of each form in such contexts Hereby the focus lies on prescriptive forms that is on poetic forms which are defined by or at least associated with specific metrical stanzaic or overall structures or the absence of such rather than poetic genres that are primarily characterised by similarities in subject matter like the elegy or the ode While this Handbook should be accessible to students its aim is not to offer basic introductions but rather to broaden a historical and functional understanding of the poetic forms it covers and to engage with poetic forms not as givens but as historically contingent processes of formation Above all this Handbook's formalism is new formalist in emphasising historical awareness and contextualisation **A Companion to Poetic Genre** Erik Martiny, 2011-10-17 A COMPANION TO POETIC GENRE A COMPANION TO POETIC GENRE This eagerly awaited Companion features over 40 contributions from leading academics around the world and offers critical overviews of numerous poetic genres Covering a range of cultural traditions from Britain

Ireland North America Japan and the Caribbean among others this valuable collection considers ancient genres such as the elegy the ode the ghazal and the ballad before moving on to Medieval and Renaissance genres originally invented or codified by the Troubadours or poets who followed in their wake The book also approaches genres driven by theme such as the calypso and found poetry Each chapter begins by defining the genre in its initial stages charting historical developments and finally assessing its latest mutations be they structural thematic parodic assimilative or subversive *The Portable Poetry Workshop* Nigel McLoughlin, 2017-09-16 This book explores the art of poetry writing from a practice based perspective showing how form trope and theory inform the practical craft of writing poems It is divided into three key sections Form and structure covering sonnets ballads blank verse and more Trope and device introducing topics such as irony imagery and voice Poetics and practice which discusses the writing of poets such as Robert Frost Amy Lowell and Frank O'Hara Each chapter unpacks a particular concept or form using examples to display it in practice The book is filled with exercises to get you writing and hints and tips for effective re writing and for avoiding common pitfalls Written by published poets many of whom teach writing or literature The Portable Poetry Workshop will push you to explore beyond your creative writing boundaries

Before Modernism Virginia Jackson, 2023-02-14 In *Before Modernism Inventing American Lyric* Virginia Jackson argues that in the late eighteenth and early nineteenth centuries Black poetics in antagonism with White poetics produced the conditions for the invention of modern American poetry This is not a history of American poetry that begins with the Puritans and stretches to the present or that jumps from the British Romantics to Walt Whitman or that restricts the influence of African American poetry to a separate tradition instead this book emphasizes the many ways in which early Black poets invented what Phillis Wheatley Peters called the deep design of American lyric Through readings of the poetics of Wheatley Peters George Moses Horton James Monroe Whitfield and Frances Ellen Watkins Harper as well as the poetics of now neglected but once popular White poets William Cullen Bryant and Henry Wadsworth Longfellow Jackson suggests that Black poetics inspired the direction that American poetics has taken for the last two centuries Thus this book represents not only a new history but a new theory of American poetry Over the late eighteenth and early nineteenth centuries as an idea of poetry based on genres of poems ballads elegies odes hymns drinking songs epistles etc gave way to an idea of poetry based on genres of people Black White male female Indigenous etc almost all poetry became lyric poetry Like everything else in America what we now think lyric is can be traced back to the twisted paths that have determined what we now think people are and can be This book tells that story the story of American lyric *William Webbe, 'a Discourse of English Poetry' (1586)* Sonia Hernández-Santano, 2016-03-04 William Webbe's *A Discourse of English Poetry* 1586 is the first printed treatise exclusively dedicated to devising a canon for the definition of poetry in England Traditionally eclipsed by the academic centrality of Philip Sidney's *The Defence of Poesy* c 1580 published 1595 and George Puttenham's *The Art of English Poesy* 1588 it was last prepared in a scholarly edition by Gregory Smith in 1904 This volume presents a modern spelling text and a

critical apparatus derived from the collation of the first printed document with subsequent editions The explanatory notes incorporate recent research on Elizabethan literary theory and aim at substantiating Webbe's contribution within the academic and literary spheres of sixteenth century England A Discourse offers an enlightening testimony of the main concerns of Tudor humanism and it also sheds light on the ideological foundations of the acclaimed quantitative reformation of metre launched by Sidney Harvey Spenser and other contemporary scholars

Wordsworth's Unremembered Pleasure Alexander Freer, 2020 Wordsworth's Unremembered Pleasure explores the poet's sustained interest in the ethical and aesthetic value of overlooked underacknowledged and unremembered pleasures Such pleasures are marginal and fleeting they pass by silently and are recognized only retrospectively Yet they shape the aims technique and ultimately the whole affective economy of Wordsworth's writing Rather than understanding the domain of pleasure to be strictly subjective personal experience Wordsworth posits affects and attachments beyond conscious experience or possession Teasing apart unremembered pleasure from the psychoanalytic concepts of sublimation repression and trauma the book offers new interpretations of both well known and marginal poems rethinking familiar oppositions between childhood and maturity and between sensation and recollection By tracing affects which are not determinate sensations so much as unacknowledged gifts it demonstrates how retrospective pleasure undercuts fantasies of purely autonomous experience It argues for the centrality of surprise unremembered pleasure promises to disturb catch out and remake the person who encounters it More broadly it locates in Wordsworth's account of composition the resources to rethink poetic pleasure not as wish fulfilment nor as aesthetic escape but as an engaged and reparative relation to the world Book jacket

New Perspectives on Tudor Cultures Zsolt Almási, Mike Pincombe, 2012-04-25 This volume presents a selection of papers from the 6th International Conference of the Tudor Symposium held at the University of Sheffield in 2009 It brings together new explorations of Tudor literature from scholars based all over Europe France Greece Hungary Ireland Norway and the United Kingdom The papers cover the long mid Tudor period from Skelton and more to the young Shakespeare but with a central emphasis on the middle decades of the sixteenth century Topics range widely from philosophy and social commentary to more traditionally literary kinds of writing such as lyric and tragedy both dramatic and non dramatic The volume as a whole offers an attractively kaleidoscopic image of the variety of new work being carried out in the area in the new millennium

Reading Poetry Tom Furniss, Michael Bath, 2022-04-06 Reading Poetry offers a comprehensive and accessible guide to the art of reading poetry Discussing more than 200 poems by more than 100 writers ranging from ancient Greece and China to the twenty first century the book introduces readers to the skills and the critical and theoretical awareness that enable them to read poetry with enjoyment and insight This third edition has been significantly updated in response to current developments in poetry and poetic criticism and includes many new examples and exercises new chapters on world poetry and eco poetry and a greater emphasis throughout on American poetry including the impact traditional Chinese poetry has had on modern

American poetry The seventeen carefully staged chapters constitute a complete apprenticeship in reading poetry leading readers from specific features of form and figurative language to larger concerns with genre intertextuality Caribbean poetry world poetry and the role poetry can play in response to the ecological crisis The workshop exercises at the end of each chapter together with an extensive glossary of poetic and critical terms and the number and range of poems analysed and discussed 122 of which are quoted in full make Reading Poetry suitable for individual study or as a comprehensive self contained textbook for university and college classes

The book delves into Blank Verse A Guide To Its History And Use. Blank Verse A Guide To Its History And Use is a crucial topic that must be grasped by everyone, from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Blank Verse A Guide To Its History And Use, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:
 - Chapter 1: Introduction to Blank Verse A Guide To Its History And Use
 - Chapter 2: Essential Elements of Blank Verse A Guide To Its History And Use
 - Chapter 3: Blank Verse A Guide To Its History And Use in Everyday Life
 - Chapter 4: Blank Verse A Guide To Its History And Use in Specific Contexts
 - Chapter 5: Conclusion
 2. In chapter 1, the author will provide an overview of Blank Verse A Guide To Its History And Use. This chapter will explore what Blank Verse A Guide To Its History And Use is, why Blank Verse A Guide To Its History And Use is vital, and how to effectively learn about Blank Verse A Guide To Its History And Use.
 3. In chapter 2, this book will delve into the foundational concepts of Blank Verse A Guide To Its History And Use. This chapter will elucidate the essential principles that must be understood to grasp Blank Verse A Guide To Its History And Use in its entirety.
 4. In chapter 3, this book will examine the practical applications of Blank Verse A Guide To Its History And Use in daily life. The third chapter will showcase real-world examples of how Blank Verse A Guide To Its History And Use can be effectively utilized in everyday scenarios.
 5. In chapter 4, this book will scrutinize the relevance of Blank Verse A Guide To Its History And Use in specific contexts. The fourth chapter will explore how Blank Verse A Guide To Its History And Use is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, the author will draw a conclusion about Blank Verse A Guide To Its History And Use. The final chapter will summarize the key points that have been discussed throughout the book.
- This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of Blank Verse A Guide To Its History And Use.
