Allen, John S. McClure, O. Wesley Allen Jr., 2013-11-06 Two trends in the early twenty first century intersect to give this volume immediate relevance 1 The emerging postmodern ethos in North America is calling into question many things we have taken for granted including the purposes of the church and 2 our time is increasingly fractious as groups with distinct worldviews become polarized and often antagonistic Eleven noted contributors join a growing current that sees conversation as an image to refresh our thinking about the nature and purpose of the church and as a process in which individuals and communities with different perspectives come together for real understanding Under the Oak Tree employs the image of Sarah and Abraham greeting three visitors under the Oaks of Mamre as an image for the church as a community of conversation a community that opens itself to the otherness of the Bible voices in history and tradition others in the contemporary social and ecological worlds Furthermore the book shows how conversation can lead the church to action The book takes a practical approach by exploring how conversation can shape key parts of the church's life Topics include preaching worship formation evangelism pastoral care mission and ecumenism social witness and the relationship of Christianity to other religions Foundational chapters consider God as conversational the

The Faithful Librarian Garrett B. Trott, 2019-09-06 What do Christianity and librarianship have in common Netherlands Prime Minister and theologian Abraham Kuyper 1837 1920 was among the first in the modern era to attempt to rejoin the dichotomy of sacred vs secular study when he said no single piece of our mental world is to be hermetically sealed off from the rest Over the years a number

of publications have followed Kuyper's lead yet little has been written on the subject since Greg A. Smith's notable *Christian Librarianship* (2002). Building on Smith's work, this volume seeks to bridge the sacred/secular divide with an exploration of how Christianity and the gospel are manifested through the profession of librarianship.

The Church Transforming Michael Jinkins, 2012-06-25

In this book, theologian and author Michael Jinkins probes the present state and future of the Reformed faith. Addressing increasing division over scriptural authority, ordination and marriage of gay and lesbian people, and other social issues, Jinkins looks at some of the hallmarks of the Reformed faith and discusses how these can be viewed anew. Topics covered include scriptural interpretation, the place of Christ, living in community, the life of the mind, unity versus schism, and spirituality and mystery. He concludes by showing how the Reformed faith is not a castle to be defended but a living treasure of great gifts.
