Beyond Earnings David A. Holland,Bryant A. Matthews,2017-12-04 Beyond Earnings is targeted at investors financial professionals and students who want to improve their ability to analyze financial

statements forecast cash flows and ultimately value a company The authors demonstrate that reported earnings are easily gamed by accounting shenanigans and reveal how commonly used profitability measures such as return on equity can be misleading Because earnings and P E ratios are too unreliable for valuation this book takes you beyond earnings and shows you how to apply the HOLT CFROI and Economic Profit framework in a step by step manner A better measure of profitability results in improved capital allocation decisions and fundamental valuations This ground breaking book offers the first practical in depth discussion of how profitability and growth fade and shows how to put this information to work right away The authors introduce their trailblazing Fundamental Pricing Model which includes fade as an adjustable value driver and can be used to value the impact of business model disruption As the authors explain the key to superior stock picking is understanding the expectations embedded in a stock s price and having a clear view of whether the company can beat those expectations The HOLT framework has been rigorously field tested for over 40 years by global investment professionals to help them make better stock picks and by corporate managers to understand the expectations embedded in their stock price Beyond Earnings is an indispensable guide for investors who want to improve their odds of outperforming the competition

Radical Business Model Transformation Carsten Linz, Günter Müller-Stewens, Alexander Zimmermann, 2017-01-03 Many companies are relying on a business model that is fundamentally suited to a different era Now organizations are under pressure from new trends such as digitization and servitization Trying to adapt to a new environment they risk relying on improvements that only scratch the surface of developing a radically different value proposition Based on rigorous research into companies that have successfully and radically redesigned their business models Radical Business Model Transformation shows why they made the leap what they had to do to achieve it and how it has transformed the potential for their organizations This book is a step by step guide for leaders who want to seize the opportunity of new business models and gain a competitive advantage It explains how to assess the status quo identify the value of future business models and develop a transformation path It also provides advice on how to involve both the leadership team and all other employees in order to implement successful business model transformation Illustrative case studies of organizations that have crossed the line to a more transformative business range from exponential growth companies like Netflix and global players like Xerox SAP and Daimler to mid sized hidden champions like Knorr Bremse and LEGIC Radical Business Model Transformation is essential reading for business leaders transformation experts and MBA students interested in ensuring that their business model is future proof and can withstand the new proliferation of innovations that are set to transform the business landscape Online supporting resources include a business model transformation calculator to help design your transformation path
