Critical Constructivism Primer Joe L. Kincheloe, 2005 The Critical Constructivism Primer introduces education students to the study of knowledge how it is inscribed by particular values and produced in problematic ways whose interests it serves and how it shapes the identities of those who consume it Critical constructivism is an epistemological position that examines the process by which knowledge is socially constructed Joe L. Kincheloe takes readers through the basic concepts and alerts them to the dangers of objectivism reductionism and the pathological views of self and world that emerge if students and educators are unaware of the construction of knowledge by dominant power interests The book is essential reading for individuals who want to become researchers and educators

Communities of Practice Patrick E. Marlow, Sabine Siekmann, 2013-06-13 Educators scholars and community activists recognize that immersion education is a key means to restoring Indigenous and other heritage languages But language maintenance and revitalization involve many complex issues foremost may be the lack of local professional development

opportunities for potential language teachers In Alaska the Second Language Acquisition Teacher Education SLATE project was designed to enable Indigenous communities and schools to improve the quality of native language and English language instruction and assessment by focusing on the elimination of barriers that have historically hindered degree completion for Indigenous and rural teachers The Guided Research Collaborative GRC model was employed to support the development of communities of practice through near peer mentoring and mutual scaffolding Through this important new model teachers of both the heritage language in this case Central Yup'ik and English were able to situate their professional development into a larger global context based on current notions of multilingualism In Communities of Practice contributors show how the SLATE program was developed and implemented providing an important model for improving second language instruction and assessment Through an in depth analysis of the program contributors show how this project can be successfully adapted in other communities via its commitment to local control in language programming and a model based on community driven research Communities of Practice demonstrates how an initial cohort of Yup'ik and English language teachers collaborated to negotiate and ultimately completed the SLATE program In so doing these educators enhanced the program and their own effectiveness as teachers through a greater understanding of language learning It is these understandings that will ultimately allow heritage and English language teachers to work together to foster their students success in any language

Teaching Writing Primer Paul L. Thomas, 2005 Until a few decades ago student writing stood as a distant third in the three R's Since the late 1970s however students have been asked to write more and teachers have been expected to teach writing more specifically In spite of this mandate however little has been done to prepare teachers for this shift in the curriculum This primer provides a brief history of the field as well as an exploration of what we now know about teaching Teachers entering the field as well as seasoned veterans will find how to foster student writers and to grow as writers themselves

Teaching Political Science: A Practical Guide for Instructors Amanda M. Rosen, 2024-08-01 This book applies the existing literature in the scholarship of teaching and learning to political science advising discipline specific tips approaches and strategies to put immediately into practice Keeping in mind the pace of an academic career it also challenges the widely held misconception that being a good teacher requires a huge time investment This book is meant for three core audiences graduate students taking a course on teaching political science or about to embark on their first teaching experience newly minted PhDs facing their first academic post and trying to figure out how to balance all of their new responsibilities and veteran instructors looking to prepare a new course or revise an existing one

Critical Pedagogy Primer Joe L. Kincheloe, 2008 The second edition of the Critical Pedagogy Primer not only introduces the topic but also provides a vision for the future of the critical pedagogy Kincheloe's notion of an evolving criticality makes sure that critical pedagogy will continue to be a vibrant and creative force that makes a powerful difference in education and in the world in general As it prepares readers for the challenges of the future it focuses on the traditions and individuals who have helped construct the discipline This attention to

the past and the future provides readers with an introduction unlike most initiations into academic disciplines In a richly textured but direct manner Kincheloe captures the spirit of critical pedagogy in a language accessible to diverse audiences Both the uninitiated and those with experience in critical pedagogy can learn from this unique and compelling perspective on the field
