Autism Following the Progress of Acclaimed Book Finding Lina Like her passionate first book Finding Lina about her daughter with severe autism Helena Hjalmarsson brings an intensity of purpose and love to her second memoir about Lina Beyond Autism Lina's world is one of excruciating challenges Helena's world is the same but with her own insights indomitable spirit and amazing clarity she sheds light and hope for other parents siblings and caretakers of children with autism as well as the children with autism themselves She unflinchingly examines the paradoxical nature of autism the never ending mystery of who our children are and how they got here in the middle of this unfathomable hurricane of leaky guts inflammation yeast autoimmune disorders seizures sensory breakdown loss of words physical freedom sleep friends normal life as we are used to refer to it Beyond Autism is one of an increasing number of you are not alone literary statements from parents of children with autism forwarded to the people whose lives similarly often blocks the view of the larger community Beyond Autism is intended to be a meeting place of sorts A smile of recognition A reason for a little dark joke amongst parents What Helena recognizes is that whenever Lina is not in mayhem she is in heaven In those times she seems so free of the burdens of a past and a future so deeply present and accepting of the moment Whenever she is not suffering it seems to me that she is at that enlightened awakened place that most people struggle for a whole life time to catch a glimpse of It's that glimpse that Helene explores and shares for all those who want too to catch and gain insight into the lives of those with autism and those who love them
