

A photograph of a waiter in a patterned shirt balancing a tray with drinks and food on a tropical path. The waiter is seen from the side, looking towards the left. The tray holds a glass of orange juice, a glass of red juice with a cherry, a plate of food, and some fruit. The background shows a paved path, palm trees, and a beach with the ocean in the distance.

SECOND EDITION

GEORGE GMELCH

Behind The Smile The Working Lives Of Caribbean Tourism

Christian G. Meyer

Behind The Smile The Working Lives Of Caribbean Tourism:

Behind the Smile George Gmelch, 2012-03-21 Behind the Smile is an inside look at the world of Caribbean tourism as seen through the lives of the men and women in the tourist industry in Barbados. The workers represent every level of tourism from maid to hotel manager, beach gigolo to taxi driver, red cap to diving instructor. These highly personal accounts offer insight into complex questions surrounding tourism: how race shapes interactions between tourists and workers; how tourists may become agents of cultural change; the meaning of sexual encounters between locals and tourists; and the real economic and ecological costs of development through tourism. This updated edition updates the text and includes several new narratives and a new chapter about American students' experiences during summer field school and home stays in Barbados.

Study Abroad and the Quest for an Anti-Tourism Experience John J. Bodinger de Uriarte, Michael A. Di Giovine, 2020-12-16 With contributions from anthropologists and cultural theorists, *Study Abroad and the Quest for an Anti-Tourism Experience* examines the culture and cultural implications of student travel. Drawing on rich case studies from the Arctic to Africa, Asia to the Americas, this impressive array of experts focuses on the challenges and ethical implications of student engagement service and volunteering immersion research in the field, local community engagement, and crafting a new generation of active engaged global citizens. This volume is a must read for students, practitioners, and scholars. For more information, check out this presentation by Michael A. Di Giovine, coeditor of *Study Abroad and the Quest for an Anti-Tourism Experience*, or these podcast episodes: *Sustainable Study Abroad* with Dr. Michael Di Giovine by ODLI on Air, *Study Abroad and the Quest for an Anti-Tourism Experience* by Meaningful Journeys.

Imagining the Tropics Elizabeth S. Manley, Elizabeth Manley, 2025 *Imagining the Tropics* is a history of the development of tourism in the Caribbean from the 1910s through the 1970s that focuses on the ways women's labors of hospitality, writing, and advocacy built the industry and its ubiquitous imagery of tropical island relaxation, escape, and romance. By examining a range of sources, engaging an array of women protagonists, and looking broadly across multiple Caribbean island states including Jamaica, Cuba, the Bahamas, Barbados, the Dominican Republic, Haiti, Puerto Rico, Trinidad and Tobago, and the U.S. and British Virgin Islands, it seeks to understand how the region came to be sold as a romantic escape from the troubles of the modern world. By putting women at the center of Caribbean tourism history as both its ambassadors and objects of desire, it seeks to explain some of the complicated contradictions that plague the business of pleasure but also to point toward ways of building alternative models to its present and past extractive realities.

Cultural Heritage and the Challenge of Sustainability Diane Barthel-Bouchier, 2016-06-16 For cultural and heritage institutions around the world, sustainability is the major challenge of the twenty-first century. In the first major work to analyze this critical issue, Barthel Bouchier argues that programmatic commitments to sustainability arose both from direct environmental threats to tangible and intangible heritage and from social and economic contradictions as heritage developed into a truly global organizational field. Drawing on extensive

fieldwork and interviews over many years as well as detailed coverage of primary documents and secondary literature she examines key international organizations including UNESCO ICOMOS and the World Monuments Fund and national trust organizations of Great Britain the United States and Australia and many others This wide ranging study establishes a foundation for critical analysis and programmatic advances as heritage professionals encounter the growing challenge of sustainability

Caribbean Literature in Transition, 1970-2020: Volume 3 Ronald Cummings, Alison Donnell, 2021-01-14 The period from the 1970s to the present day has produced an extraordinarily rich and diverse body of Caribbean writing that has been widely acclaimed Caribbean Literature in Transition 1970 2020 traces the region's contemporary writings across the established genres of prose poetry fiction and drama into emerging areas of creative non fiction memoir and speculative fiction with a particular attention on challenging the narrow canon of Anglophone male writers It maps shifts and continuities between late twentieth century and early twenty first century Caribbean literature in terms of innovations in literary form and style the changing role and place of the writer and shifts in our understandings of what constitutes the political terrain of the literary and its sites of struggle Whilst reaching across language divides and multiple diasporas it shows how contemporary Caribbean Literature has focused its attentions on social complexity and ongoing marginalizations in its continued preoccupations with identity belonging and freedoms

Transnational Yoga at Work Laura E. Klepinger, 2022-07-18 Transnational Yoga at Work Spiritual Tourism and Its Blind Spots is an ethnography about local waged workers in the Indian branches of a transnational yoga institution and about yoga practitioners and spiritual tourists who visualize peace through yoga Practitioners aspirations for peace situate them at the heart of an international movement that has captured the imagination of cosmopolitans the world over with its purported benefits to mind body and spirit Yoga is thought to offer health vitality and relief from depression through control of body and breath Yet the vision of peace in this institution is a partial vision that obscures the important but seemingly peripheral others of its self conception Through in depth ethnographic analysis this book explores the processes through which global spiritual movements can have peace front and center in their vision and yet condone and perpetuate cycles of injustice and social inequality that form the critical and problematic foundations of our global economy The book privileges the experiences and hardships faced by Indian waged workers most of them women but it also offers a sympathetic portrayal of international yoga practitioners and of the complex patterns of work and worship central to a global mission For more information check out A conversation with Laura E Klepinger author of Transnational Yoga at Work Spiritual Tourism and Its Blind Spots
