International Journal of Language Studies (IJLS) □ **volume 10(3)** Mohammad Ali Salmani Nodoushan, 2016-04-20
Special issue on systemic functional linguistics education and critical discourse analysis Post-admission Language Assessment of University Students John Read, 2016-08-10 English medium universities around the world face real challenges in ensuring that incoming students have the language and literacy skills they need to cope with the demands of their degree programmes One response has been a variety of institutional initiatives to assess students after admission in order to identify those with significant needs and advise them on how to enhance their academic language ability This volume brings together papers from Australia Canada Hong Kong New Zealand Oman South Africa and the United States written by language assessment specialists who discuss issues in the design and implementation of these post admission assessments in their own institutions A major theme running through the book is the need to evaluate the validity of such assessments not just on their technical quality but on their impact in terms of giving students access to effective means of developing their language skills and ultimately enhancing their academic achievement **A Discourse Analysis of First and Second Thessalonians** Sungmin Kim, 2025-10-13 Applying discourse analysis within the framework of Systemic Functional Linguistics SFL this study offers a fresh reexamination of the textual and contextual relationship between First and Second Thessalonians Through register analysis a key component of SFL discourse analysis it uncovers a unified linguistic profile across both letters characterized by pastoral consistency relational coherence and structural clarity By challenging traditional assumptions of textual and situational divergence it offers a linguistically grounded evaluation of the Pauline authorship debate concerning the Thessalonian correspondence Combining methodological rigor with accessibility the study invites readers in New Testament studies biblical linguistics and early Christian discourse to engage these foundational Pauline letters textually contextually and with renewed insight *Patterns and Meanings of Intensifiers in Chinese Learner Corpora* Chunyan Wang, 2016-12-01 Intensification plays a major role in spoken and written interaction enabling the writer or speaker to express different levels of commitment This book explores the patterns and meanings of intensifiers in Chinese learner English by ways of comparison with native English The study is conducted within the theoretical framework of Firthian contextual theory of meaning Sinclairian model of Extended Units of Meaning EUM and Hunston's pattern grammar The method of contrastive inter language analysis CIA is adopted and the intensifier collocations in learner English and native English are explored by means of quantitative and qualitative analyses of corpora data This book is the first attempt to investigate the patterning and meaning features of intensifiers systematically with the corpora data in Chinese learner English Readers will obtain a relatively complete picture of how Chinese learners use intensifiers to realize their attitudinal meanings **The Roles of Language in CLIL** Ana Llinares, Tom Morton, Rachel Whittaker, 2012-03-15 This book provides a theoretically based approach to the integration of language and content in primary and secondary contexts Drawing on their

wide experience as CLIL educators and researchers the authors explore data collected in real CLIL classrooms from two interrelated perspectives the CLIL classroom as an interactional context for developing language and content and the genres and registers through which the meanings of the different academic subjects are enacted From the analysis of this corpus of data the authors provide a rich description of how CLIL students language works and may be expected to develop Also available separately as a hardback *The Routledge Handbook of Language Education Curriculum Design* Peter Mikan, Ilona Wallace, 2019-12-23 Curriculum design options cover a continuum from regional and school based programs to national and international frameworks How does policy speak to practice What have teacher researchers discovered through in classroom studies Where do you begin to describe or measure effective language education curriculum design The Routledge Handbook of Language Education Curriculum Design presents a comprehensive collection of essays on these issues by 31 established practitioners and new researchers Informed by experienced scholarship and fresh studies this handbook shares international perspectives on language education from policy and curriculum to teacher training and future directions The handbook addresses language education curriculum design across five sections Language curriculum design perspectives policies and practices Designs across the curriculum Curriculum designs in language education Curriculum resources evaluation and assessment Teacher education research and future projects With contributions from Australia Brazil Indonesia Switzerland Timor Leste and more the handbook represents the breadth of research into and the global implications for sound language education curriculum design It considers equally the needs of students and policy makers from urban metropolises and remote communities It is designed to reinvigorate discussions about education policy curriculum management and the role of teacher researchers *Technology-Enhanced Learning*, 2010-01-01 Designing for technology enhanced learning TEL is often a demanding process It involves creating challenging learning tasks making sure that students have access to the right tools and resources and ensuring there are appropriate opportunities for them to learn with and from each other Good design is creative and it also depends on deep experience sound evidence about learning and an understanding of the capabilities of technology This book introduces the use of design patterns and pattern languages as ways of capturing and sharing TEL design knowledge The editors have assembled a team of authors who have pioneered research and development in this rapidly expanding field The book surveys the state of the art and identifies productive lines for future research It will be invaluable to researchers teachers students and professional TEL designers **A Critical Hypertext Analysis of Social Media** Volker Eisenlauer, 2013-08-15 Facebook in just a few years has become one of the central tools people use to communicate with each other in everyday life However the perceived freedom of action on the site and the actual processes that are permitted in Facebook's set up don't always match up in this book this gap is examined This book identifies the interrelations between user text actions and the software environment framing them It takes a critical perspective on Facebook and develops a model that grants methodological access to complex interlaced practices

incorporating media text and literacies It shows Facebook users employing idiosyncratic and Facebook specific literacy practices and gives weight to the larger hypothesis of the software service as an ideological setting designed to calculate and standardize human behaviour Specifically the book examines text action and automation within Facebook to determine how the software service intervenes in the communicative flow between among profile owners and profile recipients This is cutting edge work and of huge importance to modern fields of discourse analysis and computer mediated communication

The Routledge Handbook of Critical Discourse Studies John Flowerdew, John E. Richardson, 2017-07-06 The Routledge Handbook of Critical Discourse Studies provides a state of the art overview of the important and rapidly developing field of Critical Discourse Studies CDS Forty one chapters from leading international scholars cover the central theories concepts contexts and applications of CDS and how they have developed encompassing approaches analytical methods interdisciplinarity social divisions and power domains and media Including methodologies to assist those undertaking their own critical research of discourse this Handbook is key reading for all those engaged in the study and research of Critical Discourse Analysis within English Language and Linguistics Communication Media Studies and related areas Multimodal Texts from Around the World W. Bowcher, 2012-07-24 A first in multimodal multisemiotic discourse studies this collection of original articles by international scholars focuses primarily on texts from non English speaking contexts The illuminating insights enhance our understanding of how language and other semiotic resources construe specific cultural and social concerns
