policies The book shows that since Federation Australian citizenship has had much less to do with questions of civil and political rights democracy and sovereignty than with a determination to create a cohesive and loyal citizenry The government's policies have addressed the problems it has faced in incorporating migrants and in controlling the movement of people in and out of the country At a time when questions of who can be one of us are as alive as ever and when citizenship race and multiculturalism are vital issues in contemporary politics this comprehensive examination of our past is vital to our understanding of the issue of citizenship today
