Authentic Patriotism Restoring Americas Founding Ideals Through Selfless Action

Stephen P. Kiernan

Authentic Patriotism Restoring Americas Founding Ideals Through Selfless Action:

Authentic Patriotism Stephen P. Kiernan, 2010-05-06 Authentic Patriotism presents a provocative inspiring account of our neglected American ideals and the people who are living them today Patriotism has become a loaded word one that is wielded against people with whom we might disagree or whose cultural origins don't match our own But our founding fathers Washington Jefferson Adams and others saw patriotism as a dynamic force an act of service in an evolving nation that defined its purpose by offering all people a better way of life In Authentic Patriotism author and award winning journalist Stephen P Kiernan explores the original ideals that have been lost in our current climate where war and economic turmoil have eroded our sense of civic obligation Kiernan describes a nation adrift out of touch with its origins and then introduces a range of inspiring people who have revived our national purpose by taking action The out of work college graduate who led an economic and environmental renewal of her blighted home community The retired executive who pioneered a revolutionary concept in health care for people without insurance The minister who created a legendary choir with the goal of uniting children of different races genders and classes in one voice The family who donated their daughter's heart so that another might live These and other New Americans are profiled in a book that offers hope ideas examples and practical resources for readers who want to renew the American spirit *UCLA Women's Law Journal*, 2014 **Congressional Record** United States. Congress, 2005 **American Patriotism**, 1926 *Pocket Book of Patriotism* Jonathan Foreman, 2009-11 This concise handbook for the informed modern patriot is a unique and inspired celebration of the great American experiment Included are many of America's vast contributions to science art and popular culture as well as all of America's wars and military efforts Afterward come poems speeches and song lyrics that have stirred the hearts of patriots for more than two centuries including Paul Revere's Ride The Star Spangled Banner Tom Paine's The American Crisis speech and The Marine Corps Hymn Completing the picture are highlights from the great documents including the Declaration of Independence and the Constitution that embody America's founding ideals and which have inspired her heroes from 1776 to today **The Roots of American Patriotism** LEVI VERNON SPRINGER (IV.), 2025-09-16 The Roots of American Patriotism This is just a short introduction to what you are about to experience May it reignite the power of patriotism in my fellow Americans and people world wide Enjoy LVS Patriotism is a complex and multifaceted sentiment deeply woven into the fabric of American identity It is a feeling that transcends mere allegiance to a flag or a government it embodies a commitment to the ideals of liberty justice and the pursuit of happiness In this chapter we will embark on a journey through time tracing the historical roots of American patriotism from the founding fathers to the present day We will explore how these foundational ideals have shaped the American identity and how they can be revitalized in modern society The seeds of American patriotism were sown in the fertile ground of dissent against tyranny The late 18th century was a time of great upheaval as the American colonies grappled with the oppressive rule of the British Crown The Boston Tea Party the Intolerable Acts and the rallying cries for

independence ignited a fervor among the colonists. It was during this tumultuous period that the ideals of liberty and justice began to crystallize into a coherent philosophy. The Declaration of Independence, penned by Thomas Jefferson in 1776, stands as a testament to the revolutionary spirit of the time. It eloquently articulates the belief that all men are created equal and endowed with certain unalienable rights: life, liberty, and the pursuit of happiness. This document not only declared the colonies' intention to break free from British rule but also laid the philosophical groundwork for American patriotism. Jefferson's words resonated deeply, inspiring generations to come and establishing a moral framework that would guide the nation. As the United States grew, so too did its challenges. The Civil War, a defining moment in American history, tested the very fabric of the nation. The conflict was not merely a battle over territory; it was a struggle for the soul of America. The ideals of liberty and justice were put to the ultimate test as the nation grappled with the moral implications of slavery. Abraham Lincoln emerged as a pivotal figure during this period, articulating a vision of a nation reborn. In his Gettysburg Address, he invoked the principles of the Declaration of Independence, reminding Americans that the nation was founded on the belief that all men are created equal. Lincoln's words served to rekindle the flame of patriotism, urging citizens to honor the sacrifices of those who fought for freedom and equality. The aftermath of the Civil War saw a renewed commitment to the ideals of justice and equality. The Reconstruction Era, though fraught with challenges, laid the groundwork for future civil rights movements. The struggle for equality became a cornerstone of American patriotism as citizens rallied around the belief that the nation must live up to its founding ideals. As we move into the 21st century, the question of what it means to be patriotic remains as relevant as ever. In an era marked by political polarization and social unrest, it is essential to revisit the foundational ideals that unite us as a nation. The principles of liberty, justice, and the pursuit of happiness must be revitalized to inspire a new generation of Americans. One way to rekindle the spirit of patriotism is through education. Teaching young people about the history of the United States, including its triumphs and failures, can foster a sense of pride and responsibility. By understanding the struggles that have shaped the nation, individuals can develop a deeper appreciation for the ideals that underpin American identity.

The Patriot Mark Weaver, 2013-03-01

WE AMERICAN PATRIOTS we lovers of country struggling to awaken our countrymen to the great loss we are facing we are the ones upon whom the momentary light of history is shining We are the ones the world is watching We are the main characters in this story We are also writing this story What we do today tomorrow and in the months and years to come will in part determine our nation's course for the generations that follow

THE PATRIOT A QUEST FOR AUTHENTIC PATRIOTISM IN 21ST CENTURY AMERICA presents a thoughtful examination of the true meaning of the word patriotism. The Patriot looks at what patriotism was, what it has become, and what will need to be done to restore genuine patriotism in our land again.

Patriotic Essays Elroy Headley, 1916

Our Rights In American History Kelsie Bogdanovich, 2021-05-08

The American republic was founded on a set of beliefs that were tested during the Revolutionary War. Among them was the idea that all people are created equal.

whether European Native American or African American and that these people have fundamental rights such as liberty free speech freedom of religion due process of law and freedom of assembly America s revolutionaries openly discussed these concepts Many Americans agreed with them but some found that the ideology was far more acceptable in the abstract than in practice This weekly Devotional employs the words of the wonderful people of which Lincoln spoke to deepen your relationship with this wonderful country they established In so doing the aim is not to produce a blind patriotism but rather a thoughtful love and devotion to the United States of America based on Liberty and Equality Considering that you lead a busy life this Devotional contains 52 passages one for each week of the year You need only to read one page and dwell on it for a week These passages have been selected from the writings of both the Founding Fathers and Mothers They have been chosen for both their inspirational quality and their clarity for today s readers Each week will begin with one sentence that forms a kind of a headline Then the passage will follow with its key phrase provided in bold letters However some surrounding text may also be provided to strengthen your understanding of the context of the writings Finally some information about the passage called the Story will provide you with further information about the passage on which to reflect This Devotional will be organized by the suggested chronological order of the opening sentence of the Gettysburg Address The book is divided into roughly equal three parts Liberty A New Nation and Equality At the beginning of each part a brief orientation will be given to you Note that the orientation of each part will be a little different from the other two as our Founders translate their ideas into concrete actions Of course you can read these passages at a faster pace You may wish to absorb each part closer together to gain a holistic understanding of each of the three concepts and how they fit together as a whole You will observe how a love of Liberty throughout the colonies led to the actions and sacrifices that gave birth to our country and then how the dedication to equality led to specific actions to achieve it throughout the land By the time you complete the Devotional some of the best writers that the country has ever produced will have spoken to you You should have a clear picture as to why their thoughts and actions inspired President Lincoln so much From this picture your understanding of our country will grow and your love for America will be deepened In some sense you will be the writer of this story

American Patriotism Selim H. Peabody, 2015-06-28 Excerpt from American Patriotism Speeches Letters and Other Papers Which Illustrate the Foundation the Development the Preservation of the United States of America The design of this compilation is to present a sheaf of ripened grain grown on American soil to include the noblest specimens of the learning and eloquence and wisdom and patriotism of those who by the judgment of their own time and the concurrent verdict of posterity have been recognized as the foremost men and the clearest thinkers in the growing state Such sheaves have been garnered before But the later events hardly yet rounded into completeness furnish to the reaper a broader field upturned by the tillage of war whence has sprung a new harvest of glorious and abounding grain not less precious than that oft reaped before This work has naturally classified itself into three parts the first including papers which illustrate the formative period

of the nation's history culminating in the Revolution the second those produced in a time not at all of inaction but of vigorous and healthful yet of peaceful development the third those poured forth in hot and tumultuous haste blazing with patriotic fire when the Rebellion was earthquake and tempest and pestilence in one Following the papers in the chronological order of their arrangement one may trace in the first period the progress of public thought the hope and wish that wrongs might be righted within the pale of the colonial system doubts of success ripening into conviction that separation was imperative lofty purpose culminating in the Declaration of Independence the period closing with the glorious sunset of the great commander Guided by no such sequence of ideas and events in the second period we simply include several of its historic papers matchless in eloquence and wisdom About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Whispering the Strategies of Language: An Emotional Quest through **Authentic Patriotism Restoring Americas Founding Ideals Through Selfless Action**

In a digitally-driven earth where monitors reign great and quick conversation drowns out the subtleties of language, the profound secrets and psychological nuances hidden within phrases usually go unheard.
