Italian Literature Before 1900 in English Translation Robin Healey, 2011-01-01 Italian Literature before 1900 in English Translation provides the most complete record possible of texts from the early periods that have been translated into English and published between 1929 and 2008 It lists works from all genres and subjects and includes translations wherever they have appeared across the globe In this annotated bibliography Robin Healey covers over 5 200 distinct editions of pre 1900 Italian writings Most entries are accompanied by useful notes providing information on authors works translators and how the translations were received Among the works by over 1 500 authors represented in this volume are hundreds of editions by Italy s most translated authors Dante Alighieri Niccol o Machiavelli and Giovanni Boccaccio and other hundreds which represent the author s only English translation A significant number of entries describe works originally published in Latin Together with Healey s Twentieth Century Italian Literature in English Translation this volume makes comprehensive information on translations accessible for schools libraries and those interested in comparative literature Pub desc *The Bookman* ,1927

Passion of the Western Mind Richard Tarnas, 2011-10-19 This magnificent critical survey with its inherent respect for both the West s mainstream high culture and the radically changing world of the 1990s offers a new breakthrough for lay and scholarly readers alike Allows readers to grasp the big picture of Western culture for the first time SAN FRANCISCO CHRONICLE Here are the great minds of Western civilization and their pivotal ideas from Plato to Hegel from Augustine to Nietzsche from Copernicus to Freud Richard Tarnas performs the near miracle of describing profound philosophical concepts simply but without simplifying them Ten years in the making and already hailed as a classic THE PASSION OF THE WESTERN MIND is truly a complete liberal education in a single volume *The Christian Century* ,1927

Theory of Film Siegfried Kracauer, 1997 This study explores the distinctive qualities of the cinematic medium It includes an introduction which examines Theory of Film in the context of Kracauer s extensive film criticism from the 1920s and provides a framework for appreciating its significance in contemporary film theory **The Golden Book Magazine** ,1928

The American Mercury ,1927 **Mark Twain's Own Autobiography** Mark Twain, 2010-02-25 Mark Twain s Own Autobiography stands as the last of Twain s great yarns Here he tells his story in his own way freely expressing his joys and sorrows his affections and hatreds his rages and reverence ending as always tongue in cheek Now then that is the tale Some of it is true More than the story of a literary career this memoir is anchored in the writer s relation to his family what they meant to him as a husband father and artist It also brims with many of Twain s best comic anecdotes about his rambunctious boyhood in Hannibal his misadventures in the Nevada territory his notorious Whittier birthday speech his travels abroad and more Twain published twenty five Chapters from My Autobiography in the North American Review in 1906 and 1907 I intend that this autobiography shall be read and admired a good many centuries because of its form and method form and method whereby the past and the present are constantly brought face to face resulting in contrasts which newly fire up the interest

all along like contact of flint with steel For this second edition Michael Kiskis's introduction references a wealth of critical work done on Twain since 1990 He also adds a discussion of literary domesticity locating the autobiography within the history of Twain's literary work and within Twain's own understanding and experience of domestic concerns **The Atlantic Monthly**, 1927 Renaissance Man Ágnes Heller, 2015-07-03 Considering such witnesses of the time as Shakespeare Dante Petrarch Michelangelo Machiavelli Montaigne More and Bacon Agnes Heller looks at both the concept and the image of a Renaissance man The concept was generalised and accepted by all its characteristic features were man as a dynamic being creating and re-creating himself throughout his life The images of man however were very different having been formed through the ideas and imagination of artists politicians philosophers scientists and theologians and viewed from the different aspects of work love fate death friendship devotion and the concepts of space and time Renaissance Man thus stood as both as a leading protagonist of his time one who led and formulated the substantial attitudes of his time and as one who stood as a witness on the sidelines of the discussion This book first published in English in 1978 is based on the diverse but equally important sources of autobiographies works of art and literature and the writings of philosophers Although she uses Florence as a starting point Agnes Heller points out that the Renaissance was a social and cultural phenomenon common to all of Western Europe her Renaissance Man is thus a figure to be found throughout Europe
