Study Notes & Review Questions 2018/19 Examreview,2018-03-12 SMR was the final module to take in the past Now it
 becomes module 1 of the new part 2 exam Is it tough Well in a sense yes It is tough because there is no fixed answer to the
 test questions You are asked to choose the best possible answer among all potentially OK answers Also most questions are
 long and with complicated scenarios to confuse you To pick up the politically correct answers you have to use your business
 sense to make judgment on a case by case basis SMR is all about supply side management at a higher global and strategic
 level What is serious supply management all about Accenture has developed seven principles of supply chain management 1
 Segment customers based on their service needs 2 Design the logistics network based on service requirements 3 Listen to
 the signals of market demand and plan accordingly 4 Differentiate products based on actual consumer demand 5
 Strategically manage the sources of supply 6 Develop a supply chain wide technology strategy 7 Adopt measures that apply
 to every link in the supply chain Because of advances in manufacturing and distribution the cost of developing new products
 and services is dropping and time to market is speeding up This has resulted in increasing customer demands local and
 global competition and increased pressure on the supply chain To stay competitive companies must reinvent themselves so
 that the supply chain sourcing and procurement production scheduling order fulfillment inventory management and
 customer care is no longer a cost based back office exercise but rather a flexible operation designed to effectively address
 today s challenges If you have been specializing in manufacturing or shop floor functions it is now the time to move yourself
 to a managerial position you need to see things from a broader MBA style perspective *CLTD Certified in Logistics,*
