The Mystery of Ball Lightning Revealed Vladimir Torchigin,2024-10-28 In this book the consequences of a perfectly new natural

phenomenon associated with the existence of self confined circulating light which is responsible for the paradoxical behavior and anomalies of ball lightning are considered It is shown that similar phenomena can exist in the microworld which makes it possible to explain the finite lifetime of microworld objects their wave properties mutual attraction and the possibility of energy exchange between nuclei without overcoming the Coulomb barrier The latter possibility allows the extraction of nuclear energy using circulating light Several options for nuclear power plants are given where nuclear fuel is ordinary water The book is based on over 80 scientific articles published in leading international scientific journals in physics and optics

Protect Planet Earth with Ball Lightning Technology Clint Seward, 2014-09-18 Clint Seward spent more than thirty years searching for an alternative energy source that would eliminate the harmful features of fossil fuels and nuclear power generation before making a startling discovery His study of ball lightning a rare electrical phenomenon led him to a new plasma ring that will enable us to power our homes buildings and vehicles with a green and sustainable form of energy The ring needs no external magnetic fields for containment While hundreds of major labs continue to study plasma rings that need external magnetic fields he is focusing on producing clean energy in the lab getting funding for important research protecting the environment by generating power locally creating worldwide prosperity by providing power for everyone Take an important step to understanding how you can help with this new discovery and lend a hand to Protect Planet Earth with Ball Lightning Technology
