The Art of Anatomy in Medieval Europe Taylor McCall, 2023-08-15 A new history of the medieval illustrations that birthed modern anatomy This book is the first history of medieval European anatomical images Richly illustrated *The Art of Anatomy in Medieval Europe* explores the many ways in which medieval surgeons doctors monks and artists understood and depicted human anatomy Taylor McCall refutes the common misconception that Renaissance artists and anatomists such as Leonardo da Vinci and Andreas Vesalius were the fathers of anatomy who performed the first human dissections On the contrary she argues that these Renaissance figures drew upon centuries of visual and written tradition in their works

The Palgrave Handbook of Queer and Trans Feminisms in Contemporary Performance Tiina Rosenberg, Sandra D'Urso, Anna Renée Winget, 2021-09-21 The purpose of this Handbook is to provide students with an overview of key developments in queer and trans feminist theories and their significance to the field of contemporary performance studies It presents new insights highlighting the ways in which rigid or punishing notions of gender sexuality and race continue to flourish in systems of knowledge faith and power which are relevant to a new generation of queer and trans feminist performers today The guiding question for the Handbook is How do queer and trans feminist theories enhance our understanding of developments in feminist performance today and will this discussion give rise to new ways of theorizing contemporary performance As such the volume will survey a new generation of performers and theorists as well as senior scholars who engage and redefine the limits of performance The chapters will demonstrate how intersectional queer and trans feminist theoretical tools support new analyses of performance with a global focus The primary audience will be students of theatre performance studies as well as queer gender studies The volume's contents suggest close links between the formation of queer feminist identities alongside recent key political

developments with transnational resonances Furthermore the emergence of new queer and trans feminist epistemologies prompts a reorientation regarding performance and identities in a 21st century context
