Bonhoeffer Christ And Culture:

Bonhoeffer, Christ and Culture Keith L. Johnson, Timothy Larsen, 2013-03-08 The 2012 Wheaton Theology Conference was convened around the formidable legacy of Lutheran pastor theologian and anti Nazi resistant Dietrich Bonhoeffer This collection focusing on the man s views of Christ the church and culture contributes to a recent awakening of interest in Bonhoeffer among evangelicals

Dietrich Bonhoeffer's Christian Humanism Jens Zimmermann, 2019-06-13 Jens Zimmermann locates Bonhoeffer within the Christian humanist tradition extending back to patristic theology He begins by explaining Bonhoeffer s own use of the term humanism and Christian humanism and considering how his criticism of liberal Protestant theology prevents him from articulating his own theology rhetorically as a Christian humanism He then provides an in depth portrayal of Bonhoeffer s theological anthropology and establishes that Bonhoeffer s Christology and attendant anthropology closely resemble patristic teaching The volume also considers Bonhoeffer s mature anthropology focusing in particular on the Christian self It introduces the hermeneutic quality of Bonhoeffer s theology as a further important feature of his Christian humanism In contrast to secular and religious fundamentalisms Bonhoeffer offers a hermeneutic understanding of truth as participation in the Christ event that makes interpretation central to human knowing Having established the hermeneutical structure of his theology and his personalist configuration of reality Zimmermann outlines Bonhoeffer s ethics as Christformation Building on the hermeneutic theology and participatory ethics of the previous chapters he then shows how a major part of Bonhoeffer s life and theology namely his dedication to the Bible as God s word is also consistent with his Christian humanism

Bonhoeffer on the Christian Life Stephen J. Nichols, 2013 An accessible tour of the life and work of Germany s famous theologian Dietrich Bonhoeffer This book explores the nature of fellowship the costliness of grace and the necessity of obedience

Bonhoeffer's Religionless Christianity in Its Christological Context Peter Hooton, 2020-02-06 The German theologian Dietrich Bonhoeffer understood Western civilization to be approaching a completely religionless age to which Christians must respond and adapt This book explores Bonhoeffer s own response to this challenge his concept of a religionless Christianity and its place in his broader theology It does this first by situating the concept in a present day Western socio historical context It then considers Bonhoeffer s understanding and critique of religion before examining the religionless Christianity of his final months in the light of his earlier Christ centred theology The place of mystery paradox and wholeness in Bonhoeffer s thinking is also given careful attention and non religious interpretation is taken seriously as an ongoing task The book aspires to present religionless Christianity as a lucid and persuasive contemporary theology and does this always in the presence of the question which inspired Bonhoeffer s theological journey from its academic beginnings to its very deliberately lived end the question Who is Jesus Christ

Christ and Context Hilary Regan, Alan J. Torrance, 2016-10-06 There is a growing awareness of cultural diversity and plurality on the one hand and shared responsibility for our planet on the other The sense of cultural identity exposes the wealth and richness

of our heritage but also introduces its risks like the proliferation of often violent independence and separatist movements. A sense of shared responsibility represents the hope to avoid ecological catastrophe and highlights the problems of inequality, poverty and suffering. Is our understanding of cultures and contexts affected or even dramatically transformed by our perception of Christ and Trinitarian theology? This series of essays addresses the issues of cultural plurality and diversity, poverty, sexist and racist oppression and ecological crisis and aims to discuss the place of Christ in our understanding of human contextuality. Authors include Gustavo Gutiérrez, Jürgen Moltmann, Johann Metz, Janet Martin Soskice and John de Gruchy.

Taking Hold of the Real Barry Harvey, 2016-08-25 Dietrich Bonhoeffer writes in one of his last prison letters that he had come to know and understand more and more the profound this-worldliness of Christianity. In *Taking Hold of the Real*, Barry Harvey engages in constructive conversation with Bonhoeffer, contending that the shallow and banal this-worldliness of modern society is ordered to a significant degree around the social technologies of religion, culture and race. These mechanisms displace human beings from their traditional connections with particular locales and relocate them in their proper places as determined by the nation-state and capitalist markets. Christians are called to participate in the profound this-worldliness that breaks into the world in the apocalyptic action of Jesus Christ, a form of life that requires discipline and an understanding of death and resurrection. The church is a sacrament of this new humanity, performing for all to hear the polyphony of life that was prefigured in the Old Testament and now is realised in Christ. Unable to find a faithful form of this worldliness in wartime Germany, Bonhoeffer joined the conspiracy against Hitler, a decision aptly contrasted with a small French church that, prepared by its life together over many generations, saved thousands of Jewish lives.

[Dietrich Bonhoeffer's Christian Humanism](#) Jens Zimmermann, 2019 An innovative study of the theology of Dietrich Bonhoeffer which elucidates that his work teaches and represents a Christian humanism that is also present in the wider Christian tradition.

Theological Fragments Rubén Rosario Rodríguez, 2023-05-23 The swelling ranks of religious nones—those who do not identify with any particular religious tradition—have demonstrated that traditional Christian apologetics, set on delivering a universally accepted, objectively verifiable system that proves the truth and superiority of Christian belief, has failed. Turned off by organized Christianity's hypocrisy and politics of intolerance, millennials and Generation Z have rejected such domineering forms of reasoning aimed at winning converts through logical argument. Not only is this misguided missional strategy, argues Rubén Rosario Rodríguez, but it is grounded in bad theology as well. The propositional truth claims imply that if you accept the argument, you must accept the Christian faith too. Instead of this triumphalist understanding of Christian truth, Rosario argues for a broken and contrite Christian theology that can help make sense of a fractured world. Realizing that fragments of truth are often all we have, he points out that the search for the truth of God and the self will most often be found while engaged in the struggle for justice. *Theological Fragments* is not another set of strategies for how to win back millennials. Rather, it provides a foundational theological vision necessary to the work of inviting the nones to hear the gospel.

afresh **Bonhoeffer's Christocentric Theology and Fundamental Debates in Environmental Ethics** Steven C. van den Heuvel, 2017-05-04 There is widespread understanding of the close connection between religion and the ecological crisis and that in order to amend this crisis theological resources are needed This monograph seeks to contribute to this endeavor by engaging the theology of Dietrich Bonhoeffer His theology is particularly suitable in this context due to its open ended nature and to the prophetic and radical nature of the questions he was prepared to ask that is why there are many other attempts to contextualize Bonhoeffer s theology in areas that he himself has not directly written about In this monograph Steven van den Heuvel first of all addresses the question of how to translate Bonhoeffer s theology in a methodologically sound way He settles on a modified form of the general method of correlation Then secondly van den Heuvel sets out to describe five major concepts in Bonhoeffer s work bringing these into critical interplay with discussions in environmental ethics and eco theology In making the correlations he thoroughly describes each concept situating it in the historic and intellectual background of Bonhoeffer s time He then transposes these concepts to contemporary environmental ethics describing what contribution Bonhoeffer s theology can make **The Battle for Bonhoeffer** Stephen R. Haynes, 2018-09-13 The figure of Dietrich Bonhoeffer 1906 1945 has become a clay puppet in modern American politics Secular radical liberal and evangelical interpreters variously shape and mold the martyr s legacy to suit their own pet agendas Stephen Haynes offers an incisive and clarifying perspective A recognized Bonhoeffer expert Haynes examines populist readings of Bonhoeffer including the acclaimed biography by Eric Metaxas Bonhoeffer Pastor Martyr Prophet Spy In his analysis Haynes treats among other things the November 2016 election of Donald Trump and the Bonhoeffer moment announced by evangelicals in response to the US Supreme Court s 2015 decision to legalize same sex marriage The Battle for Bonhoeffer includes an open letter from Haynes pointedly addressing Christians who still support Trump Bonhoeffer s legacy matters Haynes redeems the life and the man
