Bonhoeffer For A New Day Theology In A Time Of Transition:

Bonhoeffer for a New Day John W. de Gruchy, 1997 Theology in Transition Katrin Kusmierz, 2016 South African theologians have long been powerful voices in the hard fought political transition from a repressive apartheid regime to a young democracy A key question is What should the public role of churches be in this democracy The simultaneously emerging global discussion on public theology has been one important point of reference offering a number of frameworks for thinking about the churches public role This book considers answers given by South African theologians beginning with an historical review of approaches taken during apartheid and tracing their development in the two decades following Series Theology in the Public Square Theologie in der ffentlichkeit Vol 8 Subject Religious Studies African Studies

Bonhoeffer's Christocentric Theology and Fundamental Debates in Environmental Ethics Steven C. van den Heuvel, 2017-05-04 There is widespread understanding of the close connection between religion and the ecological crisis and that in order to amend this crisis theological resources are needed This monograph seeks to contribute to this endeavor by engaging the theology of Dietrich Bonhoeffer His theology is particularly suitable in this context due to its open ended nature and to the prophetic and radical nature of the questions he was prepared to ask that is why there are many other attempts to contextualize Bonhoeffer s theology in areas that he himself has not directly written about In this monograph Steven van den Heuvel first of all addresses the question of how to translate Bonhoeffer s theology in a methodologically sound way He settles on a modified form of the general method of correlation Then secondly van den Heuvel sets out to describe five major concepts in Bonhoeffer s work bringing these into critical interplay with discussions in environmental ethics and eco theology In making the correlations he thoroughly describes each concept situating it in the historic and intellectual background of Bonhoeffer s time He then transposes these concepts to contemporary environmental ethics describing what contribution Bonhoeffer s theology can make Melodies of a New Monasticism Craig Gardiner, 2018-03-09 The New Monastic Movement is a vibrant source of renewal for the church s life and mission Many involved in this movement have quoted Dietrich Bonhoeffer s conviction that the church must recover ancient spiritual disciplines if it is to effectively engage the powers that be Melodies of a New Monasticism adopts a musical metaphor of polyphony the combination of two or more lines of music to articulate the way that these early Christian virtues can be woven together in community Creatively using this imagery this book draws on the theological vision of Bonhoeffer and the contemporary witness of George MacLeod and the Iona Community to explore the interplay between discipleship doctrine and ethics A recurring theme is the idea of Christ as the cantus firmus the fixed song around which people perform the diverse harmonies of God in church and world including worship ecumenism healing peace justice and ecology The Cross of Reality H. Gaylon Barker, 2015-09-01 The Cross of Reality investigates Bonhoeffer s interpretation and use of Luther s theology in shaping his Christology In this essay H Gaylon Barker uses the theology of the cross as a key to understanding the characteristic elements that make up Bonhoeffer

s theology he also shows how Bonhoeffer's conversation with his teachers and contemporaries Karl Holl and Karl Barth in particular develops Bonhoeffer's thought was indeed radical and revolutionary but it was so precisely because of its adherence to the classical traditions of the church especially Luther's theologia crucis *Bearing Sin as Church Community* Hyun Joo Kim, 2022-07-28 Hyun Joo Kim claims that Bonhoeffer transforms and reconstructs the Augustinian doctrine of original sin by shifting the hamartiological premise from the doctrine of God to the doctrine of the church based on his Lutheran resources In Bonhoeffer's view Augustine's doctrine of original sin does not fully relate the doctrine of sin to the responsibility of the saints In order to reform Augustinian hamartiology Bonhoeffer appropriates Augustine's notion of the church as the whole Christ totus Christus which is located in Augustine's ecclesiology Kim explicates how Augustine relates his epistemological premises in his Christianized Platonism to his formulation of the doctrine of original sin and examines how Luther's Christocentric standpoint transforms Augustine's anthropology and ultimately leads Luther to his relational hamartiology Kim contends that Bonhoeffer's later hamartiology and ethics contain the most distinctive characteristics of Bonhoeffer's doctrine of sin in that he not only incorporates both the active and passive dimensions of sin but also intensifies his continuing notion of vicarious representative action towards the church community **Take and Read** Paul G.

Doerksen, 2016-09-22 **Take and Read** is a collection of essays first presented as oral theological reflections on books written to stimulate conversations among diverse groups of readers which included farmers physicians teachers poets novelists scientists people involved in business finance relief work and many other walks of life ranging in age from twenty something to eighty These reflections introduce and offer samples of theological readings of a variety of books The result is a collection of essays addressing a wide range of topics from food security to violence from dementia to indigenous issues Perhaps this book is best described as an invitation to joining a conversation about books and more importantly about God **Beyond Abuse in the Christian Home** Catherine Clark Kroeger, Nancy Nason-Clark, Barbara Fisher-Townsend, 2008-08-15 In January 2004 a newly founded evangelical organization called PASCH was formed The word denotes the Passover or time of new beginnings when God kept people safe in their own homes before leading them into freedom from abuse and oppression Yet the word PASCH also stands for Peace and Safety in the Christian Home PASCH began as a small group of therapists sociologists domestic violence experts clergy biblical scholars survivors and dedicated Christians In essence PASCH was born out of the cries confusion and frustration of the people of God As we encountered many horrifying situations of domestic abuse in Christian homes those of us who seek to address various aspects of the issue concluded that we needed a fellowship of concerted study prayer and action It was the dream of Catherine Clark Kroeger that an edited book might emerge from the 2005 and 2006 PASCH conferences in order that the papers presentations and discussions might be widely available We found that to make that happen we needed to work together that each of us possessed one piece of the puzzle and that by God's grace we could collectively begin to put the pieces together The topic of abuse is ugly which is why so many Christians

shy away from discussing it But in this volume we have tried to present an accurate faith based analysis of abuse in the Christian family context We hope that various chapters stimulate discussion sometimes debate and in so doing prompt pastor and people to action We call on you the reader to consider the various ideas and perspectives offered throughout the book Hopefully each chapter will prompt you to consider afresh how you conceptualize violence among families of faith Like you the reader the contributors to our collection come from various faith traditions work in different contexts and see the issue in part based on their own narrative and training Yet despite our differences and our ongoing debates we are unanimous that violence has no place in the home Every home should be a safe place every home a shelter When abuse occurs in families of faith it is the responsibility of the church to offer compassion and support to victims and to call those who act abusively to accountability and justice Our edited collection includes Dan Allender speaking from the heart about the impact of the fall on relationships between men and women Al Miles reflecting on his pastoral experience of the difficulties and opportunities of speaking out against violence in Christian families Bruce and Karen McAndless Davis offering one couple s story of the long journey toward accountability and dramatic change Julie Owens retelling her own dramatic story of abuse the life imprisonment of her ex partner and what she wished every pastor knew about domestic violence

Hermeneutical

Theology and the Imperative of Public Ethics Paul S. Chung, 2013-10-23 Hermeneutical Theology and the Imperative of Public Ethics is a groundbreaking attempt to present constructive missional theology in an integrative and interdisciplinary framework as it provocatively utilizes and contextualizes Reformation theology and hermeneutics concerning ethical theology embedded within the wider horizon of World Christianity Mission as constructive theology is explored and refined in an hermeneutical and interdisciplinary fashion underlying a new horizon of postcolonial theology and mission in light of God s act of speech Missional church founded up God s grace of justification and Christ s diakonia of reconciliation becomes ethically oriented public church as it is engaged in mutireligious diversity of people s lives and lifeworld in the postcolonial context of World Christianity
