Orberson,2018-06-18 Thomas Merton is one of the most important spiritual voices of the last century He has never been more relevant as new generations look to him for guidance in addressing some of life s biggest questions how can we find God how should we engage with other faiths and how can we oppose violence and injustice Looking carefully one can find tucked away in Merton s prodigious writings his response to another timeless question Why do we suffer Why does an all powerful and all loving God permit evil and suffering By carefully examining all of Merton s work we find that he repeatedly confronted this question throughout most of his adult life Intriguingly Merton s approach to this question changed dramatically a few years before he died in 1968 An examination of all aspects of his life yields evidence that Merton s immersion in Zen during this time contributed most to that change **The Encyclopedia of World Religions** Robert S. Ellwood,2008 Contains nearly 600 brief entries on the world s religious traditions *The Path to Nirrodha* Irv Jacob,2012-11 If you are thoughtful reflective in tune with nature you are ready for more formal meditation and ready for this book Meditation is a tool available to everyone no matter how callous or spiritual well adjusted or complex one s life is Knowing why and how to meditate are arguably the most important signals of approaching an enlightened life These sixteen chapters follow the sequence of the Anapanasati Sutta according to the Four Foundations of Meditation The inspiration and teachings of the Satipatthana Sutta and the Dhammacakkappavattana Sutta Setting the Wheel of Dhamma in Motion the Buddha s first discourse are incorporated Beyond that autobiographical sketches inform the reader about how possible natural and easy meditation is These simple facts are not disputed by most people and the best thing that can be said about each teaching in this book is I know that I agree with that simple truth The sequence of the book leads from one simple truth to the next following a logical path to eliminating suffering Nirrodha in a practical way The book can be read from front to back or opened at any point by experienced meditators for inspirational ideas **The Huston Smith Reader** Huston Smith,2012-03-26 For more than sixty years Huston Smith has not only written and taught about the world s religions he has lived them This Reader presents a rich selection of Smith s writings covering six decades of inquiry and exploration and ranging from scholarship to memoir Over his long academic career Smith s tireless enthusiasm for religious ideas has offered readers both in and outside the academy a fresh understanding of what religion is and what makes it meaningful The Huston Smith Reader offers a comprehensive guide to understanding religion and spirituality as well as a memorable record of Huston Smith s lifelong endeavor to enrich the inner lives of his fellow humans
