Epstein, Freer, Roberts, and Shepherd's Business Structures, 5th - CasebookPlus DAVID G. EPSTEIN, Ricahrd D. Freer, Michael J. Roberts, George B. Shepherd, 2019-02-08 This book makes the Business Associations or Corporations course accessible to students whether or not they already know anything about business In a conversational tone the original text and problems emphasize the legal issues that 99% of lawyers will encounter in their professional career The book is organized around the life cycle of a business And while it includes landmark cases the focus is on the legal issues encountered when starting a business growing a business and ending a business This is the only current casebook for an introductory course in business associations that is co authored by a business school professor The book thus consistently and clearly provides students with the business context for understanding the legal issues explored Business Structures David G. Epstein, 2010 This book makes the Business Associations or Corporations course accessible to students whether or not they already know anything about business In a conversational tone the original text and problems emphasize the legal issues that 99% of lawyers will encounter in their professional career The book is organized around the life cycle of a business And while it includes landmark cases the focus is on the legal issues encountered when starting a business growing a business and ending a business This is the only current casebook for an introductory course in business associations that is co authored by a business school professor The book thus consistently and clearly provides students with the business context for understanding the legal issues explored **Business Structures** David G. Epstein, Richard D. Freer, Michael J. Roberts, 2002 This law school casebook makes the study of corporations limited liability companies partnerships and other forms of business structures understandable and interesting to all students The book makes the students aware of the business context in which these difficult concepts arise While all of the classic corporations cases are included the book also covers Limited Liability Companies LLCs and other forms of business structures Emphasis is placed on the legal issues in starting and growing a business than in representing a Fortune 500 Company *101 Businesses You Can Start with Less Than One Thousand Dollars* Heather L. Shepherd, 2007 This is a collection of businesses selected especially for retirees who are interested in augmenting their income These businesses can be started with minimum training and investment and are all capable of producing extra income Most can easily be operated by one person and eventually be sold for an additional profit Many of these businesses can actually be started with less than one hundred dollars and some can really be started with next to nothing Some can even be operated from home **BUSINESS STRUCTURES.** ,2024 **The Routledge Companion to Banking Regulation and Reform** Ismail Ertürk, Daniela Gabor, 2016-10-04 The Routledge Companion to Banking Regulation and Reform provides a prestigious cutting edge international reference work offering students researchers and policy makers a comprehensive guide to the paradigm shift in banking studies since the historic financial crisis in 2007 The transformation in banking over the last two decades has not been authoritatively and critically analysed by

the mainstream academic literature This unique collection brings together a multi disciplinary group of leading authorities in the field to analyse and investigate post crisis regulation and reform Representing the wide spectrum of non mainstream economics and finance topics range widely from financial innovation to misconduct in banking varieties of Eurozone banking to reforming dysfunctional global banking as well as topical issues such as off shore financial centres Libor fixing corporate governance and the Dodd Frank Act Bringing together an authoritative range of international experts and perspectives this invaluable body of heterodox research work provides a comprehensive compendium for researchers and academics of banking and finance as well as regulators and policy makers concerned with the global impact of financial institutions
