Zorba the Buddha Hugh B. Urban, 2016-01-12 *Zorba the Buddha* is the first comprehensive study of the life teachings and following of the controversial Indian guru known in his youth as Bhagwan Shree Rajneesh and in his later years as Osho 1931 1990 Most Americans today remember him only as the sex guru and the Rolls Royce guru who built a hugely successful but scandal ridden utopian community in central Oregon during the 1980s Yet Osho was arguably the first truly global guru of the twentieth century creating a large transnational movement that traced a complex global circuit from post Independence India of the 1960s to Reagan s America of the 1980s and back to a developing new India in the 1990s The Osho movement embodies some of the most important economic and spiritual currents of the past forty years emerging and adapting within an increasingly interconnected and conflicted late capitalist world order Based on extensive ethnographic and archival research Hugh Urban has created a rich and powerful narrative that is a must read for anyone interested in religion and globalization

The Path of Desire Hugh B. Urban, 2024-03-27 A provocative study of contemporary Tantra as a dynamic living tradition Tantra one of the most important religious currents in South Asia is often misrepresented as little more than ritualized sex Through a mixture of ethnography and history Hugh B Urban reveals a dynamic living tradition behind the sensationalist stories Urban shows that Tantric desire goes beyond the erotic encompassing such quotidian experiences as childbearing and healing He traces these holistic desires through a series of unique practices institutional Tantra centered on gurus and esoteric rituals public Tantra marked by performance and festival folk Tantra focused on magic and personal well being and popular Tantra imagined in fiction film and digital media The result is a provocative new description of Hindu Tantra that challenges us to approach religion as something always entwined with politics and culture thoroughly entangled with ordinary needs and desires

Heaven's Gate George D. Chryssides, 2016-12-05 On March 26 1997 the bodies of 39 men and women were found in an opulent mansion outside San Diego all victims of a mass suicide Messages left by the Heaven s Gate group indicate that they believed they were stepping out of their physical containers in order to ascend to a UFO that was arriving in the wake of the Hale Bopp comet The Heaven s Gate suicides were part of a series of major incidents involving New Religions in the 1990s as the new millennium approached Despite the major attention that Heaven s Gate attracted at the time of the suicides there have been relatively few scholarly studies This anthology on Heaven s Gate includes a combination of articles previously published in academic journals some new writings from experts in the field and some original Heaven s Gate documents All the material is expertly brought together under the editorship of George D Chryssides

Zorba the Buddha Acharya Rajneesh OSHO, Osho, 2013 *Zorba* is not separate from *Buddha* The West is not separate from the East In fact any materialism that has no values of spirituality is going to be very mundane profane ugly It will not have any flights into the open sky towards the stars It will not flower and release its fragrance if will be just a rock Spiritualism without materialism may have beautiful values but it is Without foundations It may create great palaces reaching

to the stars but without foundations these palaces can only be hallucinations they cannot be real Book jacket
