The Plot to Kill President Kennedy in Chicago Vincent Michael Palamara, 2024-10-22. The book represents an exciting visual investigation using rare and never before published documents and photos. There has never been a book on the Chicago plot shortly before the Kennedy assassination as well as an in depth look at prior plots and threats. A much better understanding of the assassination and the realization that this was not just a random act but the byproduct of a moving crime of prior plots, threats and persons of interest. One could never believe the official story of the crime of the century, the Kennedy assassination ever again.

The JFK Assassination Revisited James V. Rinnovatore, Allan Eaglesham, 2014-03-06. James Rinnovatore and Allan Eaglesham provide proof that President Kennedy's body was in the Bethesda morgue well before the motorcade from Andrews Air Force Base arrived at the entrance to Bethesda Naval Hospital carrying the bronze casket in which the body had been placed at Parkland Hospital, Dallas. The casket was empty at this time as it had been when it was placed in a gray navy ambulance for transportation from Andrews to Bethesda. The body had been removed from the bronze casket while Lyndon Johnson was being sworn in as president before Air Force One left Love Field. The purpose of the early arrival of the body at the Bethesda morgue was to alter the wounds which had been found to be frontal by the doctors at Parkland. The wounds had to be reversed in order to implicate a lone assassin, Lee Harvey Oswald, shooting from the Texas School Book Depository. New information is provided regarding pre autopsy photographs and exclusion of FBI agents from the autopsy room to prevent their discovery of the body there. Also provided are analyses of the reports of the Warren Commission, the HSCA and the ARRB of who planned the assassination and the case for two Oswalds. www.manuscriptservice.com DarkCorners.

The Not-So-Secret Service Vincent Palamara, 2017. While there haven't been many Secret Service related books about U.S. presidents, the ones still in print and even those long out of print are often sanitized memoirs of a politically correct nature or tell all tabloid historical junk meant merely for entertainment purposes. *The Not So Secret Service* provides the facts with the bark off so to speak and reveals politically incorrect information of a decidedly unsafe nature. It may be controversial and against the grain but this book is heavily documented and timely as the Secret Service guards our political candidates, foreign dignitaries and of course the President, the first family and the ex presidents and their families.
