The Work-Life Balance Myth: Rethinking Your Optimal Balance for Success David J. McNeff, 2021-02-24 An empowering guide that will show you how to shed the myth of the work life balance by merging the seven key components that make up your life to attain harmony and whole life success All of us have Seven Slices in our lives our Family Slice our Professional Slice our Personal Slice our Physical Slice our Intellectual Slice our Emotional Slice and our Spiritual Slice These all need to be served in some fashion and in serving them they in turn serve us This relatively simple but profoundly critical concept is at the heart of the method executive coach David McNeff has used to transform the lives and careers of his clients It begins with two important facts 1 stress happens you can't avoid it and 2 your existence is composed of far more than work and life Too often we divide our lives into those two general categories but we're all a lot more complex and our lives are richer than that By being clear and mindful of all aspects of your life the Seven Slices you'll be more likely to find inner harmony when stress impacts one of them In The Work Life Balance Myth McNeff takes you on a deep dive into each of the Seven Slices explaining the components of each Slice signs that you may not be attending to each Slice in a healthy way and hands on methods for accessing an underserved Slice The Work Life Balance Myth won't make your life perfect no one can do that and you shouldn't trust anyone who makes that promise What this book will do is provide you with proven new ways of framing your life seeing stress for what it is and vastly improving your ability to navigate the emotional challenges that will inevitably arise in a way that serves your Seven Slices

Work-Life in Balance Begor, 2022-01-11 Too many competing priorities and not enough time Tired of trying to do it all Feeling exhausted and overwhelmed This book is for you Work Life in Balance 15 Strategies To Create a Work Life Balance You Deserve is your guide to feeling calmer and taking back control of your life Inside you'll learn Techniques for implementing clear boundaries and why saying no is a great strategy Activities after each strategy to make it your own Ways to create more feelings of peace and calm while implementing one strategy at a time You can create the work life balance that you desire and deserve

Work-Life Balance Dr Bhratri Bhushan, 2023-11-02 In our fast paced modern world the pursuit of work life balance is more critical than ever We live in an age of constant connectivity where professional demands often seep into our personal lives blurring the lines between the two Many of us find ourselves caught in a never ending cycle of work struggling to maintain our well being

and enjoy the things that truly matter This book Work Life Balance Finding Harmony in Chaos was born out of the understanding that achieving equilibrium between our career and personal life is not merely a challenge but a fundamental need It s a need that goes beyond finding time for leisure or rest it s about nurturing our well being pursuing our passions and ensuring that we are fulfilled both professionally and personally As we embark on this journey together I want to assure you that work life balance is not a one size fits all solution What works for one person may not work for another However the principles strategies and insights shared in this book are designed to be adaptable to your unique circumstances and needs Whether you re a dedicated professional an ambitious entrepreneur a loving parent or a combination of these roles this book aims to provide you with the tools and inspiration you need to lead a more balanced and fulfilling life Over the chapters that follow you will explore the various facets of work life balance from the importance of self care and the impact of technology to finding fulfillment beyond the workplace You will learn about time management setting boundaries and creating a personal well being plan tailored to your aspirations This book is not just a collection of theories it s a practical guide brimming with actionable advice real life stories and exercises that will help you find your unique path to equilibrium We ll delve into the struggles and challenges that you may face on your journey We ll also celebrate the successes and breakthroughs you ll experience as you work toward greater balance The stories of individuals who have successfully navigated the often tumultuous waters of work and personal life will serve as beacons of inspiration Remember that work life balance is not a destination but an ongoing voyage It s about making conscious choices setting priorities and adjusting as needed to ensure that you are living a life that aligns with your values and aspirations Your journey may have its ups and downs but through the pages of this book you ll find the guidance and support you need to navigate these waters with confidence In a world that never stops it s time for us to pause reflect and take charge of our lives As we embark on this journey together I invite you to embrace the idea that balance is not an elusive dream but a tangible reality Let s discover the harmony in the chaos finding a path to work life balance that empowers us to live our best lives and create a brighter more fulfilling future Dr Bhratri Bhushan is a consultant medical oncologist and hematologist He has a rich academic and research background having published more than one hundred books on the subjects of oncology and internal medicine His scholarly contributions have been featured in renowned journals of medical literature For a comprehensive collection of his works please visit his AuthorCentral page at www.amazon.com/author/bhratribhushan
