The SAGE Encyclopedia of Journalism Gregory A. Borchard, 2022-01-28 Journalism permeates our lives and shapes our thoughts in ways that we have long taken for granted This set covers all significant dimensions of journalism such as print broadcast and Internet journalism U S and international perspectives and history technology legal issues and court cases ownership and economics The encyclopedia consists of signed entries from scholars experts and journalists

Politics by Any Other Name Benjamin Ginsberg, 2025-08-15 This book critiques a modern U S political system characterized by the partisan weaponization of bureaucratic systems and institutions Competition for political power in the United States today is not just about winning elections Competing political forces attempt to win at the polls but they do not bet all their chips on electoral outcomes Each party has built an institutional bastion within portions of the federal bureaucracy Each party makes use of judicial and criminal proceedings for partisan purposes a practice dubbed lawfare by the national media And acting through various surrogates each party sponsors violence by proxy to achieve its ends To the extent that political struggles are fought outside the electoral arena ordinary Americans have little or no voice in public affairs And unfortunately in the United States today a good deal of political struggle takes place outside the electoral arena This book will be used in undergraduate and graduate classes in political parties electoral politics and in general U S government classes

Traffic Ben Smith, 2024-05-07 Engrossing and suspenseful The New York Times Expertly pulls readers in The Guardian Smith sharply chronicles the revolutionary moment Financial Times The origin story of the post truth age the candid inside tale of two online media rivals Nick Denton of Gawker Media and Jonah Peretti of HuffPost and BuzzFeed whose delirious pursuit of attention at scale helped release the dark forces that would overtake the internet and American society If attention is the new oil Traffic is the story of the time between the first gusher and the perceptible impact of climate change The curtain opens in Soho in the early 2000s after the first dot com crash but before Google Apple and Facebook exploded when it seemed that New York City rather than Silicon Valley might become tech s center of gravity There Nick Denton s merry band of nihilists at his growing Gawker empire and Jonah Peretti s sunnier team at HuffPost and BuzzFeed were building the foundations of viral internet media Ben Smith who would go on to earn a controversial reputation as BuzzFeed News s editor in chief was there to see it and he chronicles it all with marvelous lucidity underscored by dark wit Traffic explores one of the great ironies of our time The internet which was going to help the left remake the world in its image has become the motive force of right populism People like Steve Bannon and Andrew Breitbart initially seemed like minor characters in the narrative in which Nick and Jonah were the stars But today anyone might wonder if the opposite wasn t the case To understand how we got here Traffic is essential and enthralling reading

Merchants of Truth Jill Abramson, 2020-02-11 Former executive editor of The New York Times and one of our most eminent journalists Jill Abramson provides a valuable and insightful The Boston Globe report on the disruption of the news media over the last decade as shown via two legacy The New York Times

and The Washington Post and two upstart BuzzFeed and VICE companies as they plow through a revolution that pits old vs new media A marvelous book The New York Times Book Review Merchants of Truth is the groundbreaking and gripping story of the precarious state of the news business The new digital reality nearly kills two venerable newspapers with an aging readership while creating two media behemoths with a ballooning and fickle audience of millennials Abramson provides this deeply reported insider account of an industry fighting for survival With a keen eye for detail and a willingness to interrogate her own profession Abramson takes readers into the newsrooms and boardrooms of the legacy newspapers and the digital upstarts that seek to challenge their dominance Vanity Fair We get to know the defenders of the legacy presses as well as the outsized characters who are creating the new speed driven media competitors The players include Jeff Bezos and Marty Baron The Washington Post Arthur Sulzberger and Dean Baquet The New York Times Jonah Peretti BuzzFeed and Shane Smith VICE as well as their reporters and anxious readers Merchants of Truth raises crucial questions that concern the well being of our society We are facing a crisis in trust that threatens the free press One of the best takes yet on journalism s changing fortunes Publishers Weekly starred review Abramson s book points us to the future

Liberalism Mark Dice, 2018-11-13 It s as if we re living in an episode of the Twilight Zone Every day we are inundated by news reports trending topics on social media and new political movements promoting such bizarre beliefs about race gender sexuality and

life in general that it is impossible in many cases to distinguish whether such ideas are serious or if they are a parody of what liberalism has become. The political differences between liberals and conservatives used to be pretty well established but recently the tug of war between the Left and the Right took a dramatic and disturbing turn. Modern liberalism has been replaced with new mind boggling agendas promoting the adoption of unscientific authoritarian and sociologically disastrous ideologies. In attempts to accomplish their plans the Left are conspiring to end freedom of speech, traditional families, long cherished holidays and hope to implement a new world order. Who is behind this madness? What is their ultimate goal? How far are they willing to go to achieve it? And what can we do to stop them? Bestselling author and media analyst Mark Dice takes you on a tour inside the minds of those constructing this new social landscape in his groundbreaking investigation **Liberalism: Find a Cure**.

Reporting on Race in a Digital Era Carolyn Nielsen, 2020-02-19. This book explores U.S. news media's 21st century reckoning with race from the election of President Barack Obama through the birth and growth of the Black Lives Matter movement to the tense weeks after a white police officer killed an unarmed African American teenager in Ferguson, Missouri. While legacy newsrooms struggled to interpret complex events, a diverse group of digital storytellers used emerging technologies. Veteran journalist and media scholar Carolyn Nielsen examines how the first two decades of this century produced new models for journalists to explore the complexity of racism, amplify the voices of lived experience and understand their audiences. Using critical analysis of news coverage and interviews with reporters who cover racial issues, the book shows how new models of journalism break with legacy journalism's conceptions of objectivity, expertise and news judgment to provide deeper understanding of systems of power.
