down and then laid flat on her stomach so that she could look effectively through the window What greeted her through the window was too much to believe There was no electric light on but there was light There was a floating orb near the window It was giving off light but attached to nothing It bobbed gently up and down causing what Layla had thought was flickering It seemed to have a mind of its own The light having a mind of its own was further confirmed by the man who spoke to it Stop bobbing so much You re making it difficult for me to fix this Just stay still The man s back was turned and he was in the corner working on something There was a toolbox open next to him on the floor Layla watched as he held out his hand near the box and a tool shot into it as if by magic She rubbed her eyes once more confirming only that she was tired but not hallucinating Layla was watching something otherworldly happen in the warehouse
