Read, 2016-10-11 1 New York Times Bestseller The true story behind Netflix's *Society of the Snow* A rugby team resorts to the unthinkable after a plane crash in the Andes Spirits were high when the Fairchild F 227 took off from Mendoza Argentina and headed for Santiago Chile On board were forty five people including an amateur rugby team from Uruguay and their friends and family The skies were clear that Friday October 13 1972 and at 3 30 p m the Fairchild's pilot reported their altitude at 15 000 feet But one minute later the Santiago control tower lost all contact with the aircraft For eight days Chileans Uruguayans and Argentinians searched for it but snowfall in the Andes had been heavy and the odds of locating any wreckage were slim Ten weeks later a Chilean peasant in a remote valley noticed two haggard men desperately gesticulating to him from across a river He threw them a pen and paper and the note they tossed back read I come from a plane that fell in the mountains Sixteen of the original forty five passengers on the F 227 survived its horrific crash In the remote glacial wilderness they camped in the plane's fuselage where they faced freezing temperatures life threatening injuries an avalanche and imminent starvation As their meager food supplies ran out and after they heard on a patched together radio that the search parties had been called off it seemed like all hope was lost To save their own lives these men and women not only had to keep their faith they had to make an impossible decision Should they eat the flesh of their dead friends A remarkable story of endurance and determination friendship and the human spirit *Alive* is the dramatic bestselling account of one of the most harrowing quests for survival in modern times A classic in the literature of survival **Newsweek**

Synchronicity: One Man's Experience Aaron Garrison, 2013-10-06 He first noticed the coincidences sometime in 2007 Small trifling things really involving certain repeat numbers but they didn't stop and they refused to be ignored As it turned out he wasn't alone Other people were seeing the numbers The coincidences even had a name synchronicity Meet Aaron Garrison an ordinary man who found himself at the center of this strange cyclone You probably don't know him nor should you have reason to But he has a story to tell a tale too big for words A work of non-fiction the book follows Garrison's adventures in the global phenomenon known as synchronicity including his six year long experiment and its results Join Garrison for a mind expanding journey starting with the smallest coincidences and ending at the biggest possibilities with stopovers in the miraculous and the
