

BloodRayne is a Dhampir—a product of her human mother's rape by her vampire father. Born with the powers of a vampire without all of the weaknesses, she was taken in by an underground organization calling themselves the Brimstone Society—a top-secret fraternity that hunts down and destroys supernatural threats. BloodRayne protects humanity from things that ordinary people shouldn't have to deal with.

PREVIOUSLY IN BLOODRAYNE

Ten years ago, Red Sun Rising—the Japanese arm of the Brimstone Society—requested the help of agent Rayne and her partner Severin to fight a newly reorganized, vampire-led Yakuza. Upon their arrival in Tokyo, Rayne and Severin were shocked to discover the headquarters of Red Sun Rising had been reduced to smoldering ash.

Rayne hit the streets in search of the organized-crime ring, but instead found another group of suspects when the deadly beauty Ayano and her band of warriors attacked. The battle between Rayne and Ayano ended in stalemate, with Rayne finally being subdued by Ayano's men.

Rayne awoke unharmed in the home of the enigmatic Hicharo, master to Ayano and her warriors. Unknown to Rayne, it was Hicharo who orchestrated the destruction of Red Sun Rising.

Yet Hicharo insists he is the last hope for the Brimstone Society's survival.

All Night With A Rogue Read Online:

Rogue Lyn Miller-Lachmann, 2013-05-16 Kiara has Asperger's syndrome and it's hard for her to make friends. So whenever her world doesn't make sense, which is often, she relies on Mr. Internet for answers. But there are some questions he can't answer, like why she always gets into trouble and how do kids with Asperger's syndrome make friends. Kiara has a difficult time with other kids. They taunt her and she fights back. Now she's been kicked out of school. She wishes she could be like her hero Rogue, a misunderstood X-Men mutant who used to hurt anyone she touched until she learned how to control her special power. When Chad moves in across the street, Kiara hopes that for once she'll be able to make friendship stick. When she learns his secret, she's so determined to keep Chad as a friend that she agrees not to tell. But being a true friend is more complicated than Mr. Internet could ever explain, and it might be just the thing that leads Kiara to find her own special power. In Rogue, author Lyn Miller-Lachmann celebrates everyone's ability to discover and use whatever it is that makes them different.

Tempted All Night Liz Carlyle, 2009-02-17 Lady Phaedra Northampton is a proper English miss but burdened by a dark secret. A former mercenary and jaded spy for hire, Tristan Talbot, Lord Avoncliff, now does little and manages to do it scandalously. Though Tristan's an out-and-out rogue when his dying father begs him to delve into the secrets behind a notorious brothel, a perfect task for his talents, Tristan can't refuse. Is the brothel a front for a notorious Russian spy ring? Tristan is on the hunt until his path collides with the oh-so-tempting Lady Phae. Soon what should be a simple assignment becomes deliciously complicated when deception and desire lead to an explosive passion and deadly foes.

Rogue Archives Abigail De Kosnik, 2021-12-14 An examination of how nonprofessional archivists, especially media fans, practice cultural preservation on the Internet and how digital cultural memory differs radically from print-era archiving. The task of archiving was once entrusted only to museums, libraries, and other institutions that acted as repositories of culture in material form. But with the rise of digital networked media, a multitude of self-designated archivists, fans, pirates, hackers, have become practitioners of cultural preservation on the Internet. These nonprofessional archivists have democratized cultural memory, building freely accessible online archives of whatever content they consider suitable for digital preservation. In Rogue Archives, Abigail De Kosnik examines the practice of archiving in the transition from print to digital media, looking in particular at Internet fan-fiction archives. De Kosnik explains that media users today regard all of mass culture as an archive from which they can redeploy content for their own creations. Hence, remix culture and fan fiction are core genres of digital cultural production. De Kosnik explores, among other things, the anticanonical archiving styles of Internet preservationists, the volunteer labor of online archiving, how fan archives serve women and queer users as cultural resources, archivists' efforts to attract racially and sexually diverse content, and how digital archives adhere to the logics of performance more than the logics of print. She also considers the similarities and

differences among free culture free software and fan communities and uses digital humanities tools to quantify and visualize the size user base and rate of growth of several online fan archives
