Ancient Wisdom For A New Age A Practical Guide For Spiritual Growth:

Ancient Wisdom for a New Age Terry Hunt, Paul Benedict, 2012-12-01 Is life simple once we understand how it works or is it so complicated only a nuclear physicist could understand it The authors claim that life is simple but only if we accept what we encounter with equanimity and are willing to replace old ideas with new ones that make more sense Attachment resistance and emotional reactions are what make life difficult Is there a personal God Does Satan exist Do politics have a role in the spiritual development of our world What part does sex play in our spiritual development This is not a safe book The authors have answers for all these questions and more but not all readers will agree with them And that is as it should be according to them Their concepts of how life works based on Ancient Wisdom teachings will make you analyze ponder over and re assess your entire belief system The overall message is one of assurance As one reader said It gave me hope I never considered myself a spiritual person until I read this book What is our purpose as humans To become perfect Perfection means graduating from the human realm to that of the Adepts or Mahatmas becoming members of the Spiritual Hierarchy Have you ever wished for a manual on how life works You have found it For some perfection will come within a relatively short time For others in the far distant future The choice is yours **Healing Without Medicine** Albert Amao, 2014-05-02

As a man thinketh so is he thus is the biblical King Solomon often quoted by proponents of New Thought one of the most influential native religious movements in America Albert Amao provides an engaging and serious history of this and related movements from the eighteenth century to the present His discussion ranges from Phineas P Quimby the father of New Thought and Mary Baker Eddy founder of Christian Science to Myrtle Fillmore cofounder of Unity Church of Christianity William James the father of American psychology and leaders in the emerging field of Energy Psychology Amao's aim is to provide a rational explanation of the power of thought to heal the mind and body All methods of mind spiritual healing are self healing he says we all have an inner capacity to heal ourselves He examines cases of contemporary New Thought leaders who self healed from incurable diseases free of medicine and he describes the mechanism that triggered their healing Their experiences have benefited millions of followers worldwide The beauty of New Thought says Amao is that it empowers us to become conscious co creators of our well being and achieve success in other areas of life beyond recovering our health

Ancient Wisdom for the Care of Souls Coleman M. Ford, Shawn J.

Wilhite, 2024-07-09 Recovering the Wisdom of Early Christian Figures to Effectively Shepherd Modern Churches In addition to the regular demands of preaching and shepherding modern pastors feel undue pressure to entertain congregants and increase attendance numbers Often churches resort to the latest business models to keep pace But true life giving guidance lies in Scripture and the wisdom of those having come before us Ancient Wisdom for the Care of Souls helps pastors to embrace a classic biblical vision of ministry through the study of selected pastoral virtues and early church figures Gregory of Nyssa and Gregory the Great both referred to ministry as the care of souls Calling for a return to the sources professors Coleman M Ford and Shawn J Wilhite ponder what a scriptural vision of ministry is how patristic voices help inform this vision and how pastors today can cultivate this pastoral vision in their churches Each chapter examines an important pastoral topic such as humility the sacraments and contemplative theology and brings it to life through a constructive model and profiles of early church fathers Encouraged by the patristic wisdom of Irenaeus Athanasius John Chrysostom and more readers learn a simple and slower model for pastoring that they can emulate as they care for their communities A slower pace of life may in fact help pastors cultivate the soil of souls more richly and as a result return to ministry as the care of souls Applicable Enriches the spiritual and ministerial practices of modern pastors through ancient church wisdom pastoral reflections and examples from Scripture Theological and Historical Features detailed profiles of church fathers including Ambrose of Milan Augustine Gregory of Nazianzus Basil of Caesarea Gregory of Nyssa and others Written for Students and Pastors Ideal for college level courses as well as new or seasoned ministers
