Beyond Animal Rights A Feminist Caring Ethic For The Treatment Of Animals:

Beyond Animal Rights Josephine Donovan, Carol J. Adams, 1996 Contains eight contributions which extend feminist ethic of care theory to the issue of animal well being As a group the essays aim to suggest ways that theorists can move beyond the notion of animal rights to establish care as a basis for the ethical treatment of animals Annotation c by Book

The Feminist Care Tradition in Animal Ethics Josephine Donovan, Carol J. Adams, 2007 In *Beyond Animal Rights* Josephine Donovan and Carol J Adams introduced feminist ethic of care theory into philosophical discussions of the treatment of animals In this new volume seven essays from *Beyond Animal Rights* are joined by nine new articles most of which were written in response to that book and a new introduction that situates feminist animal care theory within feminist theory and the larger debate over animal rights Contributors critique theorists reliance on natural rights doctrine and utilitarianism which they suggest have a masculine bias They argue for ethical attentiveness and sympathy in our relationships with animals and propose a link between the continuing subjugation of women and the human domination of nature Beginning with the earliest articulation of the idea in the mid 1980s and continuing to the theory s most recent revisions this volume presents the most complete portrait of the evolution of the feminist care tradition **The Political Theory of Animal**

Rights Robert Garner, 2005-07-22 Looking at the impact on political thinking caused by the idea that animals are morally important beings this text suggests that liberalism despite having weaknesses is the most appropriate ideological position for the protection of animal interests Animal Rights and Moral Philosophy Julian H. Franklin, 2005 This theoretically rigorous text examines all the major arguments for animal rights in order to develop an ethical system that includes humans and animals

The Animal Ethics Reader Susan J. Armstrong, Richard G. Botzler, 2016-11-18 The *Animal Ethics Reader* is an acclaimed anthology containing both classic and contemporary readings making it ideal for anyone coming to the subject for the first time It provides a thorough introduction to the central topics controversies and ethical dilemmas surrounding the treatment of animals covering a wide range of contemporary issues such as animal activism genetic engineering and environmental ethics The extracts are arranged thematically under the following clear headings Theories of Animal Ethics Nonhuman Animal Experiences Primates and Cetaceans Animals for Food Animal Experimentation Animals and Biotechnology Ethics and Wildlife Zoos and Aquariums Animal Companions Animal Law and Animal Activism Readings from leading experts in the field including Peter Singer Bernard E Rollin and Jane Goodall are featured as well as selections from Tom Regan Jane Goodall Donald Griffin Temple Grandin Ben A Minteer Christine Korsgaard and Mark Rowlands Classic extracts are well balanced with contemporary selections helping to present the latest developments in the field This revised and updated Third Edition includes 31 new readings on a range of subjects including animal rights captive chimpanzees industrial farm animal production genetic engineering keeping cetaceans in captivity animal cruelty and animal activism The Third Edition also is printed with a slightly larger page format and in an easier to read typeface Featuring contextualizing

introductions by the editors study questions and further reading suggestions as the end of each chapter this will be essential reading for any student taking a course in the subject With a new foreword by Bernard E Rollin *Women and the Animal Rights Movement* Emily Gaarder, 2011-02-19 Animal rights is one of the fastest growing social movements today Women greatly outnumber men as activists yet surprisingly little has been written about the importance and impact of gender on the movement Women and the Animal Rights Movement combats stereotypes of women activists as mere sentimentalists by exploring the political and moral character of their advocacy on behalf of animals Emily Gaarder analyzes the politics of gender in the movement incorporating in depth interviews with women and participant observation of animal rights organizations conferences and protests to describe struggles over divisions of labor and leadership Controversies over PETA advertising campaigns that rely on women's sexuality to sell animal rights illustrate how female crusaders are asked to prioritize the cause of animals above all else Gaarder underscores the importance of a paradigm shift in the animal liberation movement one that seeks a more integrated vision of animal rights that connects universally to other issues gender race economics and the environment highlighting that many women activists recognize and are motivated by the connection between the oppression of animals and other social injustices *The Philosophy of Animal Rights*, **Feminist Animal Studies** Erika Cudworth, Ruth E. McKie, Di Turgoose, 2022-12-30 This book explores human animal relations and species based domination at the intersection of feminism with critique of our domination and exploitation of nonhuman animals in conversation with power dynamics around coloniality and race class sexuality and embodiment The collection demonstrates the continued vital importance of feminism conceptually and theoretically methodologically and politically to the development of animal studies Feminism has made an incisive critique of the ways in which gender and other intersecting differences and inequalities are constitutive of our destructive exploitative and often violent relationships with nonhuman worlds An international group of scholars and activists showcase new work revisiting and extending established debates while negotiating new paths Amongst the issues addressed in this collection will be questions of animal being and animal rights caring relations the relationships between activism and theory interspecies sexual violence tension in the animal defence movement around body politics gender politics and professionalisation different spaces of gender and animal relations from social media to sexology safe spaces and sanctuaries spaces of home both in times of business as usual and in times of lockdown This multidisciplinary volume will be essential reading to students and academics working in the fields of cultural studies criminology geography history law philosophy politics and sociology with interest in gender environmentalism and animal studies The editors work in the School of Applied Social Sciences at De Montfort University Leicester UK and share interests in gender and species violence environmental harms social justice matters and intersected inequalities **Animals as Persons** Gary L. Francione, 2008-06-17 A prominent and respected philosopher of animal rights law and ethical theory Gary L. Francione is known for his criticism of animal welfare laws and regulations his abolitionist

theory of animal rights and his promotion of veganism and nonviolence as the baseline principles of the abolitionist movement In this collection Francione advances the most radical theory of animal rights to date Unlike Peter Singer Francione maintains that we cannot morally justify using animals under any circumstances and unlike Tom Regan Francione's theory applies to all sentient beings not only to those who have more sophisticated cognitive abilities **Beyond Nature's Housekeepers** Nancy C. Unger, 2012-10-18 This book highlights the unique and complex role women have played in the shaping of the American environment from pre Columbian Native Americans to present day environmental justice activists
