Martin Conway

Bevrijding Bezettingherstelvernieuwing:

Bevrijding; bezetting, herstel, vernieuwing Willem Petrus Josef Pompe, 1945 **Western Europe's Democratic Age** Martin Conway, 2022-06-14 A major new history of how democracy became the dominant political force in Europe in the second half of the twentieth century What happened in the years following World War II to create a democratic revolution in the western half of Europe In Western Europe s Democratic Age Martin Conway provides an innovative new account of how a stable durable and remarkably uniform model of parliamentary democracy emerged in Western Europe and how this democratic ascendancy held fast until the latter decades of the twentieth century Drawing on a wide range of sources Conway describes how Western Europe s postwar democratic order was built by elite intellectual and popular forces Much more than the consequence of the defeat of fascism and the rejection of Communism this democratic order rested on universal male and female suffrage but also on new forms of state authority and new political forces primarily Christian and social democratic that espoused democratic values Above all it gained the support of the people for whom democracy provided a new model of citizenship that reflected the aspirations of a more prosperous society This democratic order did not however endure Its hierarchies of class gender and race which initially gave it its strength as well as the strains of decolonization and social change led to an explosion of demands for greater democratic freedoms in the 1960s and to the much more contested democratic politics of Europe in the late twentieth century Western Europe s Democratic Age is a compelling history that sheds new light not only on the past of European democracy but also on the unresolved question of its future

Civic Education and Contested Democracy Wim de Jong, 2020-10-14 This book explores citizenship education and democracy in the Netherlands From the Second World War to the present day debates about civic education and democracy have raged in the country this book demonstrates how citizens social movements and political elites have articulated their own notions of democracy Civic education illustrates democracy as an essentially contested concept the transmission of political ideals highlights conflicting democratic values and a problem of paternalism Ultimately who dictates what democracy is and to whom As expectations of citizens rise they are viewed more and more as objects of a pedagogical project itself a controversial notion Focusing on what democracy means practically in society this book will be of interest to scholars of citizenship education and post war Dutch political history

A Tiny Spot on the Earth Piet Rooy, 2025-10-01 In this survey of the Dutch political culture of the nineteenth and twentieth centuries Piet de Rooy reveals that the polder model often used to describe economic and social policymaking based on consensus is a myth Instead modern political culture in the Dutch Low Countries began with a revolution and is rife with rivalries among political and ideological factions De Rooy argues that because of its extremely open economy the country is vulnerable to external political cultural and economic pressures and Dutch politics is a balancing act between profiting from international developments and maintaining sovereignty The sudden rise of populism and Euroscepticism at the turn of the millennium then indicated a loss of this

balance Shining new light on the political culture of the Netherlands this book provides insights into the polder model and the principles of pillarization in Dutch society The Dutch edition of this book **Ons stipje op de wereldkaart** was awarded the Prinsjesboekenprijs for the best book on Dutch national politics in 2014 Survey of the Dutch political culture of the nineteenth and twentieth centuries

Ons stipje op de wereldkaart Piet de Rooy, 2014-05-26 Het verhaal wil dat Nederland langs lijnen van geleidelijkheid en in vreedzaamheid tot stand is gekomen Datzelfde verhaal wil dat Nederland nog altijd een oase van stabiliteit en redelijkheid is en dat ook zal blijven In dit baanbrekende boek laat Piet de Rooy zien dat het in werkelijkheid heel anders is gegaan Niet vreedzaamheid en geleidelijkheid maar een afwisseling van conflicten breukpunten en toeval bepaalden de koers in de afgelopen twee eeuwen En dat proces duurt voort Zonder het sprekende detail te vergeten plaatst De Rooy de totstandkoming van Nederland in het grote kader van de wereldgeschiedenis Het land dacht te bewegen maar werd bewogen De auteur gaat daarbij in op de moeizame ontwikkeling van het parlement en politieke partijen het ontstaan van verzuiling en verzorgingsstaat de opkomst van een economisch gestuurd conservatisme en ten slotte de doorbraak van het populisme en algeheel pessimisme over de toekomst van Nederland In een kleurrijke stijl laat De Rooy zien dat staatsvorming allesbehalve een vanzelfsprekende en afgeronde ontwikkeling is Volkscultuur als valkuil Rob van Ginkel, 2000 Essays over de ontwikkeling van de relatie tussen Nederlandse volkskundigen en antropologen in de twintigste eeuw

Cultuur in Nederland 1945-1955 Joost Smiers, 1977 In deze studie wordt cultuurbeleid gezien vanuit de vraag of er voorzieningen worden getroffen om de in de wet verankerde vrijheid van meningsuiting effectief te maken Cultuurbeleid moet een wettige uitdrukking zijn van het recht voor een ieder om te kunnen zien horen lezen of zelfs uitdrukking hieraan te geven zonder dat er van financiële of andere belemmeringen sprake is Op deze wijze wordt cultuurbeleid deel van de strijd voor toenemende grondwettige vrijheid van meningsuiting ter bevordering van de democratisering van het maatschappelijk leven
