Beyond Citizenship American Identity After Globalization

Stanley A. Renshon

Beyond Citizenship American Identity After Globalization:

Beyond Citizenship Peter J. Spiro, 2008-02-01 Spiro takes readers on an engaging historical and conceptual exploration of how citizenship law has set and reflected the boundaries of national community and an American national character Against this broad tableau Spiro shows how territorial presence through birth or residence resolved the peculiar challenges of American identity But as globalization eclipses the significance of space citizenship status becomes detached from any sense of actual community on the ground The global diffusion of American political values and cultural production further erodes the possibility of a drawing a meaningful line between the us and them

Within and Beyond Citizenship Roberto G. Gonzales, Nando Sigona, 2017-07-06 Within and Beyond Citizenship brings together cutting edge research in sociology and social anthropology on the relationship between legal status rights and belonging in contemporary societies of immigration to offer a daring new perspective on these questions It offers new insights into the ways in which political membership is experienced spatially and bureaucratically constructed and actively negotiated and contested in the everyday lives of citizens and non citizens

American Identity and the Politics of Multiculturalism Jack Citrin, David O. Sears, 2014-08-11 The civil rights movement and immigration reform transformed American politics in the mid 1960s Demographic diversity and identity politics raised the challenge of e pluribus unum anew and multiculturalism emerged as a new ideological response to this dilemma This book uses national public opinion data and public opinion data from Los Angeles to compare ethnic differences in patriotism and ethnic identity and ethnic differences in support for multicultural norms and group conscious policies The authors find evidence of strong patriotism among all groups and the classic pattern of assimilation among the new wave of immigrants They argue that there is a consensus in rejecting harder forms of multiculturalism that insist on group rights but also a widespread acceptance of softer forms that are tolerant of cultural differences and do not challenge norms such as by insisting on the primacy of English

The Oxford Handbook of Citizenship Ayelet Shachar, Rainer Bauboeck, Irene Bloemraad, Maarten Vink, 2017-08-03 Contrary to predictions that it would become increasingly redundant in a globalizing world citizenship is back with a vengeance The Oxford Handbook of Citizenship brings together leading experts in law philosophy political science economics sociology and geography to provide a multidisciplinary comparative discussion of different dimensions of citizenship as legal status and political membership as rights and obligations as identity and belonging as civic virtues and practices of engagement and as a discourse of political and social equality or responsibility for a common good The contributors engage with some of the oldest normative and substantive quandaries in the literature dilemmas that have renewed salience in today s political climate As well as setting an agenda for future theoretical and empirical explorations this Handbook explores the state of citizenship today in an accessible and engaging manner that will appeal to a wide academic and non academic audience Chapters highlight variations in citizenship regimes practiced in different countries from immigrant states to non western contexts from settler societies to newly independent states

attentive to both migrants and those who never cross an international border Topics include the selling of citizenship multilevel citizenship in between statuses citizenship laws post colonial citizenship the impact of technological change on citizenship and other cutting edge issues This Handbook is the major reference work for those engaged with citizenship from a legal political and cultural perspective Written by the most knowledgeable senior and emerging scholars in their fields this comprehensive volume offers state of the art analyses of the main challenges and prospects of citizenship in today s world of increased migration and globalization Special emphasis is put on the question of whether inclusive and egalitarian citizenship can provide political legitimacy in a turbulent world of exploding social inequality and resurgent populism *Beyond a Border* Peter Kivisto, Thomas Faist, 2009-12-08 The most up to date analysis of today s immigration issues As the authors state in Chapter 1 the movement of people across national borders represents one of the most vivid dramas of social reality in the contemporary world This comparative text examines contemporary immigration across the globe focusing on 20 major nations Noted scholars Peter Kivisto and Thomas Faist introduce students to important topics of inquiry at the heart of the field including Movement Explores the theories of migration using a historical perspective of the modern world Settlement Provides clarity concerning the controversial matter of immigrant incorporation and refers to the varied ways immigrants come to be a part of a new society Control Focuses on the politics of immigration and examines the role of states in shaping how people choose to migrate Key Features Provides comprehensive coverage of topics not covered in other texts such as state and immigration control focusing on policies created to control migratory flow and evolving views of citizenship Offers a global portrait of contemporary immigration including a demographic overview of today s cross border movers Offers critical assessments of the achievements of the field to date Encourages students to rethink traditional views about the distinction between citizen and alien in this global age Suggests paths for future research and new theoretical developments

Citizenship after Yugoslavia Jo Shaw, Igor Štiks, 2013-10-31 This book is the first comprehensive examination of the citizenship regimes of the new states that emerged out of the break up of Yugoslavia It covers both the states that emerged out of the initial disintegration across 1991 and 1992 Slovenia Croatia Bosnia Herzegovina the Federal Republic of Yugoslavia and Macedonia as well as those that have been formed recently through subsequent partitions Serbia Montenegro and Kosovo While citizenship has often been used as a tool of ethnic engineering to reinforce the position of the titular majority in many states in other cases citizenship laws and practices have been liberalised as part of a wider political settlement intended to include minority communities more effectively in the political process Meanwhile frequent re definitions of these increasingly overlapping regimes still provoke conflicts among post Yugoslav states This volume shows how important it is for the field of citizenship studies to take into account the main changes in and varieties of citizenship regimes in the post Yugoslav states as a particular case of new state citizenship At the same time it seeks to show scholars of post Yugoslavia and the wider Balkans that the Yugoslav crisis disintegration and wars as well as the current functioning of

the new and old Balkan states together with the process of their integration into the EU cannot be fully understood without a deeper understanding of their citizenship regimes This book was originally published as a special issue of Citizenship Studies

Migration Theory Caroline B. Brettell, James F. Hollifield, 2022-07-01 The revised fourth edition of *Migration Theory* continues to offer a one stop synthesis of contemporary thought on migration Editors Caroline B Brettell and James F Hollifield remain committed to include coverage that is comparative and global in scope while enhancing similarities and differences between one academic field and the next All chapters have been revised to highlight cutting edge issues in the field of migration studies today The fourth edition welcomes two new authors Professors Marie Price and Fran ois H ran to offer a fresh approach with their chapters on geography and demography respectively Designed for undergraduate and graduate courses in migration studies a primary goal of the text is to assist instructors in guiding students who may have little background on migration to understand important issues and the scientific debates This ensures *Migration Theory* is a highly valuable guide not only to the perspectives of one s own discipline but also to those of cognate fields

Noncitizen Voting and American Democracy Stanley A. Renshon, 2009-08-16 Continuing large scale migration to the United States raises the question of how best to integrate new immigrants into the American national community Traditionally one successful answer has been to encourage immigrants to learn our language culture history and civic traditions New immigrants would then be invited become citizens and welcomed as full members of the community However a concerted effort is underway to gain acceptance for and implement the idea that the United States should allow new immigrants to vote without becoming citizens It is mounted by an alliance that brings together progressive academics law professors local and state political leaders and community activists all working to decouple voting from American citizenship Their effort show signs of success but is it really in America s best interests to allow new immigrants to have the vote Their proposals have been much advocated but little analyzed Neither a polemic nor a whitewash Stanley A Renshon provides a careful analysis of the arguments put forward by advocates of this position on the basis of fairness increasing democracy civic learning and moral necessity and asks Do they really help immigrants become Americans

Sensing the Nation's Law Stefan Huygebaert, Angela Condello, Sarah Marusek, Mark Antaki, 2018-03-22 This book examines how the nation and its fundamental law are sensed by way of various aesthetic forms from the age of revolution up until our age of contested democratic legitimacy Contemporary democratic legitimacy is tied among other things to consent to representation to the identity of ruler and ruled and of course to legality and the legal forms through which democracy is structured This book expands the ways in which we can understand and appreciate democratic legitimacy If democratic communities are imagined this book suggests that their rightfulness must be sensed analogously to the need for justice not only to be done but to be seen to be done This book brings together legal historical and philosophical perspectives on the representation and iconography of the nation in the European North American and Australian contexts from contributors in law political science history art history

and philosophy **Nation State and Immigration** Professor Anita Shapira, Yedidia Z. Stern, Alexander Yakobson, 2014-11-01 For the last two centuries the nation state has posed a formidable challenge to multinational empires. It has served as a base for modernisation, secularisation and democratisation and also for the formation of totalitarian regimes. Today the nation state faces challenges from multiple directions. National minorities demand self-determination while religious forces challenge secular governments and global migration movements undermine the cultural uniformity once considered essential for the formation and preservation of nation states. This is the third of a three-volume set detailed below which addresses key challenges facing the contemporary nation state from a global perspective but with special emphasis on the Middle East and Israel. Publication reflects research conducted under the auspices of The Israel Democracy Institute's Nation State Project which analyses Israel's complex reality in which a Jewish majority contends with an Arab minority, ultra-Orthodox religious forces reject the authority of the nation state and an immigrant society exhibits substantial cultural and ethnic variance. Volume III explores the cultural, social and political effects of immigration on the contemporary nation state, its character, cohesion and possible future as well as on contemporary liberal democracy. Contributions deal with such issues as different liberal approaches to the issue of immigration and immigrant integration, nation-building narratives and their implications for immigrants and minorities, citizenship tests and integration policy in the United States and in Europe as well as Israel's Law of Return and the debate about it and other aspects of immigration policy.

Beyond Citizenship American Identity After Globalization Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Beyond Citizenship American Identity After Globalization PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Beyond Citizenship American Identity After Globalization PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access

to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Beyond Citizenship American Identity After Globalization free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
