Becoming a Cosmopolitan Jason D Hill, 2023-06-14 The philosopher and author of *Beyond Blood Identities* offers a new paradigm of persona freedom and moral self possession As a Jamaican immigrant arriving in the United States at the age of twenty Jason Hill noticed how often Americans identified themselves in terms of race and ethnicity He observed for example the reluctance of West Indians to join black causes for fear of losing their identity He began to ask himself what sort of world he wanted to live in a quest that in time led him to the idea of the cosmopolitan In *Becoming a Cosmopolitan* Jason D Hill argues that we need a new understanding of the self He revives the idea of the cosmopolitan the person who identifies the world as home Arguing for the right to forget where we came from Hill proposes a new moral cosmopolitanism for the new millennium

Recovering the Liberal Spirit Steven F. Pittz, 2020-09-01 Develops a theory of spiritual freedom and explores its relationship to problems of liberal political regimes Liberalism is often castigated for being spiritually empty and unable to provide meaning for individuals Is it true that there simply is no spiritual side to liberalism In *Recovering the Liberal Spirit* Steven F Pittz develops a novel conception of spiritual freedom Drawing from Nietzsche and his figure of the free spirit as well as from thinkers as varied as Mill Emerson Goethe Hesse C S Lewis and Tocqueville Pittz examines a tradition of individual freedom best described as spiritual Spiritual freedom is an often overlooked category of liberal freedom and it provides a path to meaning without a return to communal or traditional life While carefully considering Progressive and Communitarian counterarguments Pittz argues for both the possibility and the desirability of a free spirited life Citizens who are free spirits deliver great benefits to liberal democracies primarily by combatting dogmatism and fanaticism and the putative authority of public opinion

Coclanis, Stuart Weems Bruchey, 1999 This volume uncovers the role of ideas and ideologies in some of the most important social movements in US history The book examines attempts to bring about or to thwart social or institutional change from political democratization and feminism to animal rights and civil rights

The Great Delusion John J. Mearsheimer, 2018-01-01 A major theoretical statement by a distinguished political scholar explains why a policy of liberal hegemony is doomed to fail It is widely believed in the West that the United States should spread liberal democracy across the world foster an open international economy and build international institutions The policy of remaking the world in America's image is supposed to protect human rights promote peace and make the world safe for democracy But this is not what has happened Instead the United States has become a highly militarized state fighting wars that undermine peace harm human rights and threaten liberal values at home In this major statement the renowned international relations scholar John Mearsheimer argues that liberal hegemony the foreign policy pursued by the United States since the Cold War ended is doomed to fail It makes far more sense he maintains for Washington to adopt a more restrained foreign policy based on a sound understanding of how nationalism and realism constrain great powers abroad *The Great Delusion* is a lucid and compelling work of the first importance for scholars policymakers and everyone interested in the future of American foreign policy

Personal and Moral Identity A.W. Musschenga, A.W. van Haaften, B. Spiecker, M.V. Slors, 2013-03-14 The subject of personal and moral identity is at the centre of interest not only of academic research within disciplines such as philosophy and psychology but also of everyday thinking This is why the Netherlands School for Research in Practical Philosophy and the Institute for Ethics of the Vrije Universiteit in Amsterdam took the initiative to bring together scholars from various disciplines interested in the subject The expert seminar on *Personal and Moral Identity* took place from 12-14 January 1999 Financial contributions from the Vrije Universiteit the Dutch Scientific Organisation NWO and the Royal Dutch Academy for the Sciences KNAW made the event possible The chapters in this book either go back to papers presented at the seminar or were written afterwards by participants inspired by the discussions that took place during the seminar We are very grateful to Dr Hendrik Hutter for his assistance in editing the texts and making the manuscript camera ready December 2001 The Editors

1 Introduction Albert W Musschenga Although scholars studying

the identity of persons usually address diverging issues and have different research agendas there is a growing awareness that one may benefit from insights and results present in other disciplines dealing with that subject This explains the enthusiastic responses to the invitation of the Netherlands School for Research in Practical Philosophy and the Institute for Ethics of the Vrije Universiteit to participate in a seminar on Personal and Moral Identity
