book *The Goddess Mythological Images of the Feminine* Many of the essays continue her exploration of Greek goddess traditions and other aspects of Greek mythology Others grow out of her ongoing involvement with the thought of both Freud and Jung The interrelationship between polis and psyche city and soul is a central theme of several of these papers including those that focus on the Holocaust Various facets of lesbian and gay experience are also examined **Meister Eckhart** Matthew Fox, 2014-06-10 Though he lived in the thirteenth century Meister Eckhart's deeply ecumenical teachings were in many ways modern He taught about what we call ecology championed artistic creativity and advocated for social economic and gender justice All these elements have inspired spiritual maverick Matthew Fox and influenced his *Creation Spirituality* Here Fox creates metaphorical meetings between Eckhart and Teilhard de Chardin Thich Nhat Hanh Carl Jung Black Elk Rumi Adrienne Rich and other radical thinkers The result is profoundly insightful substantive and inspiring **Going Beyond the Jesus Story** Douglas Lockhart, 2011-09-16 Who am I Why am I Where am I headed and where have I been These are just some of the questions that concern the author of *Going Beyond the Jesus Story* a book that ranges freely across complex and intriguing subject areas such as the nature of religious belief contemplative and meditative experience lucid dreaming the role of feeling in our appreciation of reality the inherently spiritual nature of asking questions and our need to go beyond not only the Jesus story as it has come down to us but also the ingrained notion that self is an ongoing uninterrupted experience of the conscious mind that can be taken for granted Directing our attention to the nature of attention itself we are introduced step by carefully constructed step to the idea that consciousness is not what we have assumed it to be or conscious awareness quite as conscious as we like to think it is Delving into history theology and philosophy in an attempt to reach an integrated understanding of the religious and secular problems we face as human beings the author examines ideas that confront and challenge on just about every level ideas that carry us towards an appreciation of what it means to presence the self to the self as an experience in its own right At this point theory gives way to experiment to methodology to a knowing or seeing that makes this book a unique contribution to the study of human sentience and its evolved and evolving structures **Beyond Sexuality** Tim Dean, 2000-09 *Beyond Sexuality* points contemporary sexual politics in a radically new direction Combining a psychoanalytic emphasis on the unconscious with a deep respect for the historical variability of sexual identities this original work of queer theory makes the case for viewing erotic desire as fundamentally impersonal Tim Dean develops a reading of Jacques Lacan that rather than straightening out this notoriously difficult French psychoanalyst brings out the queer tensions and productive incoherencies in his account of desire Dean shows how the Lacanian unconscious deheterosexualizes desire and along the way he reveals how psychoanalytic thinkers as well as queer theorists have failed to exploit the full potential of this conception of desire The book elaborates this by investigating social fantasies about homosexuality and AIDS including gay men's own fantasies about sex and promiscuity in an attempt to illuminate the challenges facing safe sex education Taking on many shibboleths in

contemporary psychoanalysis and queer theory and taking no prisoners Beyond Sexuality offers an antidote to hagiographical strains in recent work on psychoanalysis Foucault and sexuality *Augustine to Freud* Kenneth Boa, 2004 Six theologians and eight psychologists from history square off finding both differences and common ground in their thinking on the most basic human needs
