Ascent of the Aliomenti Alex Albrinck, 2013-04-05 The Aliomenti village is in ruins destroyed by one of their own its population nearly eliminated in the

calamity From the ruins the Aliomenti rise to international prominence influencing buyers and sellers warriors and bureaucrats as they patiently and invisibly expand their empire Will Stark serves as the driving force behind that expansion Whether he s directly creating their innovations or offering subtle hints to others few of their revolutionary progressions are made without his influence But Will is dealing with his own private heartache Even as he watches his fellow Aliomenti ascend to heights few of them imagined possible his long journey becomes one he ll make very much alone He s also haunted by the knowledge that what enables him to make that journey will also prevent him from seeing his most important mission to its completion Will must persevere fighting through his own gloom an organization that threatens to tear itself apart and a reunion with old friends at a most inopportune time And he ll come to realize that his own decisions his own inability to understand even those he knows not to trust have enabled a tyrant to seize control of the Aliomenti in the aftermath of an explosive crisis

Preserving Will Alex Albrinck,2013-11-25 He s provided for each of them the opportunity to lead a life of health wealth and power far beyond their imagination By his own example he s shown them that such gifts are meant to be shared used to make the world a better place And he s never asked them for anything in return showing a willingness to risk even his own life to live to his own ideals Now Will Stark needs their help He s helpless he s uneducated and he s about to meet men who can utterly destroy him And they ll need to make sure that s exactly what happens Prodded by memories and with the aid of future hindsight they ll work tirelessly take on alternate personalities and ensure that the plan is carried out in its entirety In the process they ll learn that selfless sacrifice can demand a heavy price They ll know that even high technology can t overcome the human spirit And they ll understand that even with perfect hindsight surprises beyond expectation can and do occur

Activate Alex Albrinck,2014-12-05 Book 1 of 4 Centuries of calamities took humanity to the brink of extinction Now with the aid of a time capsule the human race is once more populating the Earth resurrecting a civilization and technologies lost centuries earlier With those innovations though come the need for some in that new civilization to fight for dominance and control of the new world With humanity poised for a return to the trappings of a stable society and the advantages of rediscovered technologies lost for centuries one faction prepares to unleash the most devastating weapon ever conceived upon an unsuspecting and unprepared populace The activation button is primed and ready The end of the world awaits Episode 2 Detonate is now available

The Ravagers Box Set Alex Albrinck,2017-04-24 In the distant future humanity staggers against wave after wave of population decimating catastrophes and hope fades as the extinction point draws near They find a time capsule carrying with it the knowledge of the past technology that allows them to rise above their meager existence Within a few generations they ve built walled cities to protect them from predators they d learned to fear bustling commerce and telecommunications capabilities that connect people and businesses They ve also restored the means to make war Two great factions control East and West each preparing to fight while hoping war never comes Humanity wouldn t dare fight a great war so soon after nearing extinction But there are some who would prefer those

astonishingly low population counts And they ll unleash a weapon unlike any other in human history to achieve those ends Five people with varying levels of knowledge and responsibility of those plans live their last normal day unaware that they ll be fighting for their lives against a weapon which cannot be stopped But somehow they ll all need to figure out how to survive the unleashing of the Ravagers **Detonate** Alex Albrinck,2015-04-01 A technological scourge ravages the land razing buildings roads and living creatures without remorse transmuting the dust of the destroyed into more of the destructive force spreading like a swarm upon those powerless to stand in its way Five people will do all they can in a desperate attempt to survive what the few have unleashed upon the many In the process they ll learn more about themselves and those they ve loved and worked with than they d ever known or wanted to know And they ll learn that there s far more to their thirty sixth century world and the blotted out sections of history than they ever imagined **Retaliate** Alex Albrinck,2017-04-24 In a world dominated by a secretive cabal manipulating humanity to their own genocidal ends a tiny resistance group emerges Each member of the resistance will fight back to the best of his or her ability Some will find they ve more power and knowledge than they d ever dreamed Some must determine how best to live a life scarred by a past full of lies deceit and impulsive decisions that have harmed millions Some will fight far away from the only home they ve ever known Some will fight with knowledge and cunning over brute force and explosive violence And all of them will find in their own way that in a world where death has become the norm retaliating against the powers that be can be the biggest and last mistake of your life *Adam's Journey* Alex Albrinck, The greatest journeys in life are often those taken in silence with no one else watching They are the journeys of self discovery when one learns one s true history and destiny They are the times when self discipline must trump the massive desire to act in a manner that offers a short term benefit but a long term disaster Adam long knew he faced such a journey He didn t know how he d ever begin fate seemed stacked against him And yet he knew the stakes knew that his failure or his discovery could doom him and those he loves most And then fate smiled on him For just a few brief moments the window opened and he commenced that journey He and the world would never be the same **Stark Cataclysm** Alex Albrinck,2014-04-23 It is a time of unknowns for members of the Alliance They have no information to guide their actions no record of the key events to influence their research For Fil Trask and his sister Angel it is also a time of growing up It is a time when they must learn the deep sacrifices it often takes to keep a family together through great trial and tribulation And it is a time when they will learn that your greatest fears and deepest pain can have a profound and lasting influence upon the entire world
