Norman, 2015-09-15 The use of nonviolent action is on the rise From the Occupy Movement to the Arab Spring and mass protests on the streets of Brazil activists across the world are increasingly using unarmed tactics to challenge oppressive corrupt and unjust systems But what exactly do we mean by nonviolence How is it deployed and to what effect Do nonviolent campaigns with political motivations differ from those driven by primarily economic concerns What are the limits and opportunities for activists engaging in nonviolent action today Is the growing number of nonviolence protests indicative of a new type of twenty first century struggle or is it simply a passing trend Understanding Nonviolence Contours and Contexts is the first book to offer a comprehensive introduction to nonviolence in theory and practice Combining insightful analysis of key theoretical debates with fresh perspectives on contemporary and historical case studies it explores the varied approaches aims and trajectories of nonviolent campaigns from Gandhi to the present day With cutting edge contributions from leading scholars and practitioners in the field this accessible and lively book will be essential reading for activists students and teachers of contentious politics international security and peace and conflict studies

A Palestinian Christian Cry for Reconciliation Naim Stifan Ateek, 2008 From the text The background is clear Jerusalem has been conquered and re conquered more than 37 times The latest conquest in 1967 was by the Israeli army After the war Israel took in not only the 5 square kilometers of Arab East Jerusalem but also 65 square kilometers of surrounding open country and villages most of which never had any municipal link to Jerusalem Overnight they became part of Israel s eternal and indivisible capital The history of Jerusalem has been written with blood The first part of this sequel to Justice and Only Justice focuses on events since the Intifada of 1987 including the violence that has come from Israel s aggression and from the use of suicide bombers by Palestinians The second part of the book draws on scripture lifting up biblical figures such as Samson Jonah Daniel and Jesus as it examines issues of ownership of the land In the final section Ateek presents a strategy to achieve peace and justice nonviolently that will promote justice for the Palestinians and security for both Israel and Palestine BOOK JACKET

The Politics of Change in Palestine Michael Bröning, 2011-03-04 This book contradicts the dominant myth that incompetent

corrupt and uncompromising Palestinian decision makers are responsible for the lasting stalemate in the Middle East Peace Process It highlights recent political developments in Palestine that fundamentally redefine important parameters of the Israeli Palestinian conflict Contrary to public perception new political trends in the Palestinian Territories bolster prospects for the realisation of Palestinian national aspirations Michael Broning identifies key indicators which fundamentally question dominant Israeli narratives and pose an unprecedented strategic challenge to the Israeli leadership These include the reinvention of Hamas the reform of the Fatah movement Palestinian Prime Minister Salam Fayyad s state building efforts and the surge of non violent resistance against Israel This persuasive book forces us to reconsider the perceived wisdom that the Palestinians are powerless to influence events as they struggle for peace Digital Jihad Erik Skare,2016-10-15 A new and innovative form of dissent has emerged in response to the Israeli occupation of Palestine Dubbed electronic jihad this approach has seen organized groups of Palestinian hackers make international headlines by breaching the security of such sites as the Tel Aviv Stock Exchange AVG Avira Whatsapp and BitDefender Though initially confined to small clandestine groups hacktivism is now increasingly being adopted by militant Palestinian parties including Hamas and Palestinian Islamic Jihad who have gone so far as to incorporate hackers into their armed brigades Digital Jihad is the first book to explore this rapidly evolving and still little understood aspect of the Palestinian resistance movement Drawing on extensive interviews with hackers and other activists it provides a unique and fascinating new perspective on the Palestinian struggle
