Building The Dream Gwendolyn Wright,2012-05-09 For Gwendolyn Wright the houses of America are the diaries of the American people They create a fascinating chronicle of the way we have lived and a reflection of every political economic or social issue we have been concerned with Why did plantation owners build uniform cabins for their slaves Why were all the walls in nineteenth century tenements painted white Why did the parlor suddenly disappear from middle class houses at the turn of the century How did the federal highway system change the way millions of Americans raised their families Building the Dream introduces the parade of people policies and ideologies that have shaped the course of our daily lives by shaping the rooms we have grown up in In the row houses of colonial Philadelphia the luxury apartments of New York City the prefab houses of Levittown and the public housing towers of Chicago Wright discovers revealing clues

to our past and a new way of looking at such contemporary issues as integration sustainable energy the needs of the elderly and how we define family **A. Quincy Jones** Cory Buckner, Archie Quincy Jones, 2002-06-05 Archibald Quincy Jones 1913 79 was a Los Angeles based architect and educator who shared the Case Study goal of reinventing the house as a way of redefining the way people lived in post war America A pioneer in greenbelt planning and green design Jones raised the level of the tract house in California from the simple stucco box to a structure of beauty and logic surrounded by gardens and integrated into the landscape He introduced new materials and a new way of living within the built environment his work bridged the gap between custom and developer built homes The exquisite detailing and siting of Jones s houses churches civic and university buildings make them quintessential embodiments of mid century American architecture This is the first ever book to be published on Jones It documents his full career from his post war planning projects to his long association with Palo Alto building magnate Joseph Eichler The volume consists of two parts a substantial introductory essay tracing Jones s life and career with a synopsis of key projects and his contributions to planning and a catalogue of 60 of Jones s projects illustrated with high quality black and white period photographs and plans and renderings by Jones himself

Sephardi and Mizrahi Jews in America Saba Soomekh, 2015-12-15 Sephardi and Mizrahi Jews in America includes academics artists writers and civic and religious leaders who contributed chapters focusing on the Sephardi and Mizrahi experience in America Topics will address language literature art diaspora identity and civic and political engagement When discussing identity in America one contributor will review and explore the distinct philosophy and culture of classic Sephardic Judaism and how that philosophy and culture represents a viable option for American Jews who seek a rich and meaningful medium through which to balance Jewish tradition and modernity Another chapter will provide a historical perspective of Sephardi Ashkenazi Diasporic tensions Additionally contributors will address the term Sephardi as a self imposed collective ethnic designation that had to be learned and naturalized and its parameters defined and negotiated in the new context of the United States and in conversation with discussions about Sephardic identity across the globe This volume also will look at the theme of literature focusing on Egyptian and Iranian writers in the United States Continuing with the Iranian Jewish community contributors will discuss the historical and social genesis of Iranian American Jewish participation and leadership in American civic political and Jewish affairs Another chapter reviews how art is used to express Iranian Diaspora identity and nostalgia The significance of language among Sephardi and Mizrahi communities is discussed One chapter looks at the Ladino speaking Sephardic Jewish population of Seattle while another confronts the experience of Judeo Spanish speakers in the United States and how they negotiate identity via the use of language In addition scholars will explore how Judeo Spanish speakers engage in dialogue with one another from a century ago and furthermore how they use and modify their language when they find themselves in Spanish speaking areas today **Stars, Fans, and Consumption in the 1950s** Sumiko Higashi, 2014-12-17 As the leading fan magazine in the postwar era Photoplay constructed female stars

as social types who embodied a romantic and leisured California lifestyle Addressing working and lower middle class readers who were prospering in the first mass consumption society the magazine published not only publicity stories but also beauty secrets fashion layouts interior design tips recipes advice columns and vacation guides Postwar femininity was constructed in terms of access to commodities in suburban houses as the site of family togetherness As the decade progressed however changing social mores regarding female identity and behavior eroded the relationship between idolized stars and worshipful fans When the magazine adopted tabloid conventions to report sex scandals like the Debbie Eddie Liz affair stars were demystified and fans became scandalmongers But the construction of female identity based on goods and performance that resulted in unstable fragmented selves remains a legacy evident in postmodern culture today
