Lizzie asks...

What are the odds of getting a entry level trader job?

Hi. I'm a business administration-marketing student in an average public school. But I somehow more passionate about stock/currency **trading**.

What are the odds of getting a entry level stock/currency **trading** job, after I done those things before graduation below?

1. Create a student investment club(my school never had that before)
2. Doing undergraduate research regarding **Trading** psychology topic, and get published.
3. Pass CFA exam level 1
4. Create an **automated trading** system(may not be profitable)

P.S. I have **trading** experience in stock/**forex** in total of 2 years now.

Please tell me something I can do to increase the odds of getting a entry level trader job, if the above doesn't make any sense to you.

Appreciation in advance.
