Arab Society In Revolt The West's Mediterranean Challenge:

Arab Society in Revolt Cesare Merlini, Olivier Roy, 2013-06-20 For every pithy conceptualization of complex events there are additional lenses through which to examine them One of the several virtues of this book is precisely that it brings different perspectives to bear on the complexity diversity and uncertainty of recent and current events in the Arab world The thirteen authors concentrate on the critical social forces shaping the region demography religion gender telecommunication connectivity and economic structures and they are painstakingly analyzed and evaluated from the foreword by Strobe Talbott president of the Brookings Institution The Arab Spring will be remembered as a period of great change for the Arab states of North Africa and the eastern Mediterranean Facing fundamental transitions in governance these countries are also undergoing profound social cultural and religious changes The European Union and the United States caught unprepared by the uprisings now must address the inescapable challenges of those changes How will the West respond to these new realities particularly in light of international economic uncertainty EU ambivalence toward a cohesive foreign policy and declining U S influence abroad Arab Society in Revolt explains and interprets the societal transformations occurring in the Arab Muslim world their ramifications for the West and possible policy options for dealing with this new world Arab Society in Revolt examines areas of change particularly relevant in the southern Mediterranean demography and migration Islamic revival and democracy rapidly changing roles of women in Arab society the Internet in Arab societies commercial and social entrepreneurship as change factors and the economics of Arab transitions The book then looks at those cultural and religious as well as political and economic factors that have influenced the Western response or lack of it to the Arab Spring as well as the policy options that remain open

policy options for dealing with this new world Arab Society in Revolt examines areas of change particularly relevant in the southern Mediterranean demography and migration Islamic revival and democracy rapidly changing roles of women in Arab society the Internet in Arab societies commercial and social entrepreneurship as change factors and the economics of Arab transitions The book then looks at those cultural and religious as well as political and economic factors that have influenced the Western response or lack of it to the Arab Spring as well as the policy options that remain open

Young Generation Awakening Edward A. Sayre, Tarik M. Yousef, 2016-06-28 The street protests that erupted in Tunisia in December 2010 and spread quickly throughout the Middle East surprised not only the entrenched dictators of the region but also international observers who collectively had taken for granted the durability of Middle Eastern authoritarianism Specifically the Arab Spring uprisings debunked the prevailing notion that youth were disengaged from political life by their economic exclusion and tight regime control of their mobilization Indeed the one consistent feature across the uprisings whether peaceful or violent was the key role played by young people What has remained unclear is why youth became the vanguards of the Arab Spring protests and why they have not played a more prominent role in the transitions that followed To address these questions the authors in this volume use updated data sets on demography employment education inequality social media and public sentiment to examine the underlying socioeconomic conditions of young people in the Middle East at the time of the uprisings and offer a mosaic of analytical explanations linking those conditions from 2009-2011 to the revolts of 2010-2012 The findings in the volume confirm the inadequacy of traditional narrow explanations rooted in demographic profiles economic grievances or political exclusion in accounting for the complex socioeconomic dynamics facing youth and societies at large in the Middle East in the period leading up to the Arab Spring The contributors emphasize the fundamental institutional rigidities in the region's policy space and evaluate potential approaches to policy reform that can promote youth inclusion and help transform the region's political economies in the post Arab Spring environment of persistent economic volatility social unrest and political instability

Historical Dictionary of the Arab Uprisings Aomar Boum, Mohamed Daadaoui, 2020-03-10 The Arab uprisings that swept the Middle East and North Africa in the period from 2011-2012 left an indelible mark on the socio-political landscape of the region But that mark was not consistent across the region while some countries underwent dramatic popular social and political changes others teetered on the brink or were left with the status quo intact Street revolutions toppled despotic regimes in Tunisia Libya and momentarily in Egypt while mounting serious challenges to authoritarian regimes in Syria and Yemen Algeria's entrenched bureaucratic cum military authoritarian system proved resilient until the recent events of early 2019 which forced the resignation of President Abdelaziz Bouteflika before the end of his term on 28 April 2019 As in Algeria protestors in Sudan succeeded after months of demonstrations in overthrowing the government of Omar al-Bashir Several Arab monarchies still appear stable and have managed to weather the tempest of the Arab revolutions albeit not without fissures showing in the edifice of their states accompanied by some

minor constitutional changes Where Tunisians Egyptians Yemenis Syrians and Libyans demanded regime changes in their political systems protesters in the Arab monarchies have called on the kings and emirs to reform their political system from the top down indicating the sizeable monarchical advantage Historical Dictionary of the Arab Uprisings contains a chronology an introduction and an extensive bibliography The dictionary section has over 500 cross referenced entries on the terms persons and events that shaped the Arab Spring uprisings This book is an excellent resource for students researchers and anyone wanting to know more about the Arab Uprisings *The Arab Spring Five Years Later* Hafez Ghanem, 2015-12-29 Volume 1 of *The Arab Spring Five Years Later* is based on extensive research conducted by scholars from a variety of backgrounds including many associated with the Japan International Cooperation Agency JICA The original research papers are gathered in volume 2 and are available for readers who wish to go even further in understanding the economic background of the Arab Spring Papers examine women s issues and agricultural practices in Morocco urban transportation small enterprises governance and inclusive planning in Egypt reconstruction in Iraq youth employment in Tunisia education in Yemen and more In addition to Hafez Ghanem contributors include Mongi Boughzala University of Tunis ElManar Tunisia Mohamed Tlili Hamdi University of Sfax Tunisia Yuriko Kameyama JICA Hideki Matsunaga JICA Mayada Magdy JICA Yuko Morikawa JICA Akira Murata JICA Kei Sakamoto JICA Seiki Tanaka JICA Masanori Yoshikawa JICA and Takako Yuki JICA

The Arab Spring Five Years Later: Vol. 1 & Hafez Ghanem, 2016-03-01 This two volume set explores in depth the economic origins and repercussions of the Arab Spring revolts Volume 1 of *The Arab Spring Five Years Later* is based on extensive research conducted by scholars from a variety of backgrounds including many associated with the Japan International Cooperation Agency JICA The original research papers are gathered in volume 2 and are available for readers who wish to go even further in understanding the economic background of the Arab Spring Papers examine women s issues and agricultural practices in Morocco urban transportation small enterprises governance and inclusive planning in Egypt reconstruction in Iraq youth employment in Tunisia education in Yemen and more In addition to Hafez Ghanem contributors include Mongi Boughzala University of Tunis ElManar Tunisia Mohamed Tlili Hamdi University of Sfax Tunisia Yuriko Kameyama JICA Hideki Matsunaga JICA Mayada Magdy JICA Yuko Morikawa JICA Akira Murata JICA Kei Sakamoto JICA Seiki Tanaka JICA Masanori Yoshikawa JICA and Takako Yuki JICA **The Triumph of Democracy and the Eclipse of the West** Ewan Harrison, S. Mitchell, Sara McLaughlin Mitchell, 2013-12-17 This book explores the paradox of the worldwide spread of democracy and capitalism in an era of Western decline The rest is overtaking the West as Samuel Huntington predicted but because it is adopting Western institutions The emerging global order offers unprecedented opportunities for the expansion of peace prosperity and freedom Yet this is not the end of history but the beginning of a post Western future for the democratic project The major conflicts of the future will occur between the established democracies of the West and emerging democracies in the developing world as they seek the benefits and recognition associated with membership of the

democratic community This clash of democratizations will define world politics Global Turkey in Europe ,2013

Secularism Confronts Islamism Mohammad Affan,2022-01-31 This book provides in depth examination of the recent confrontation between Islamists and secularists in Egypt and Tunisia Presenting a new approach to understand Islamism and secularism the research addresses the variables that could affect the outcome of transitional negotiations The secularist Islamist conflict proved to be a major hindrance for democratisation and a main source of political instability in the Middle East During the Arab Spring disputes between both political trends sparked shortly after getting rid of their common enemy the autocratic rulers First they disagreed on how to lead the transitional period Then polarisation grew deeper with the political competition in the parliamentary and presidential elections and the ideological disagreements during the drafting of the constitution Eventually this conflict put Tunisia at a verge of civil strife in the summer of 2013 and led to collapse of the transitional process in Egypt after the military coup Examining the causes of the conflict between the secularists and the Islamists during the transitional period the work provides new insights from the Arab Spring experience Updating the transition literature the book is a key resource to academics and students interested in democratization theory and Middle East politics
