Patrick J. Finn, Mary E. Finn

Art Of Classroom Inquiry A Handbook For Teacher Researchers:

The Art of Classroom Inquiry Ruth Shagoury, Brenda Miller Power, 1993 The Art of Classroom Inquiry shows teachers how they can carefully and systematically pursue their wonderings through research *The Art of Classroom Inquiry* Ruth Shagoury, Brenda Miller Power, 2003 This book continues to show teachers how they can carefully and systematically ask and answer their own questions about learning *Teacher Research* Deborah Roberts, Claire Bove, 2007 If you re a science teacher this collection will show you paths that others have found to deepen their understanding of the philosophy and practice of teacher research If you re a science teacher educator it will give you examples about the many ways in service teachers can conduct inquiry Either way Teacher Research provides a memorable passage into learning and growing

Becoming a Teacher Researcher in Literacy Teaching and Learning Christine Pappas, Eli Tucker-Raymond, 2011-01-25 Practical engaging and informed by current ideas on teacher research this text outlines and illustrates strategies and experiences to foster literacy teachers abilities to conduct action research in their classrooms or schools **Teachers Who Teach Teachers** Tom Russell, Fred Korthagen, 2013-09-13 This is a reflection on the education of teachers written by teacher educators who discuss features of their work and the challenges facing teacher education in the 1990s The book invites the reader to attempt similar analyses of personal practice and development in their own teaching The book deals with the personal development of both new and experienced teacher educators illustrating how strongly teacher educators are influenced by their visions and by the challenge to prove themselves in the university setting In addition the book examines the ways in which teacher educators have acted to promote their own professional development and study their own practices including writing as a tool for reflection a life history approach to self study as well as a study of educative relationships with others and the analysis of a personal return to the classroom Finally it takes a broader look at the professional development of teacher educators and offers a challenge to all teacher educators to consider the tension between rigour and relevance *Forging Alliances in Community and Thought* Irma N. Guadarrama, 2002-10-01 Besides creating an outlet or vehicle for the promotion and the dissemination of theory and practice in the professional development school field the book series project will focus on topics at the forefront of current discussion and dialogue among experts The manuscripts will be carefully and systematically selected to provide the expression of an array of voices especially those that speak from insightful first hand experience Included are the voices of the researchers who strive to design and implement research that seeks to inform practice The book series will underscore the depth and substance of research quantitative and qualitative designs and their applications in a variety of contexts **Teacher Education with an Attitude** Patrick J. Finn, Mary E. Finn, 2012-03-27 Using a social justice approach to teacher education the contributing teacher educators address the need to prepare teachers to understand the way social class race and culture impact their efforts to educate working class students By helping prepare teachers to strengthen democracy through education the contributors offer ways

to help them develop critical consciousness the will to address society's injustices and inequities Teachers who collaborate actively with their students their families and others such as community and labor organizers to challenge the economic and educational policies that keep the hierarchical structure in place develop their own educational and political power alongside their students These educators see schools as sites of struggle for democracy and their students learn to direct their attitude toward outcomes that are in their collective self interest

Assessing Teachers for Professional Certification Lawrence Ingvarson, John Hattie, 2008-02-04 The National Board for Professional Teaching Standards NBPTS in the USA is the most ambitious and successful attempt by any country to establish a certification system for recognizing and rewarding teachers who reach high professional standards This book focuses on The National Board for Professional Teaching Standards NBPTS

Teacher Educators as Teachers and as Researchers Kari Smith, Maria Assunção Flores, 2020-09-10 This book presents recent international research on how teacher educators institutions and policy makers perceive act on and experience the dual responsibility that teacher educators are required to develop Teacher educators are both teachers and researchers a hybrid position which might be challenging to fulfil Teacher education has attracted much research over the years It has also been subject to national and international debates about its goals and core features as well as issues of quality and effectiveness More recently attention has been given to the work identity and professional development of teacher educators The various chapters in the book address the topic of teacher educators as teachers and researchers in diverse countries and contexts namely Australia Belgium England Ireland Israel Portugal Norway and the USA Collectively the authors examine the work of teacher educators considering their core mission their professional development opportunities and the demands and needs of their working contexts The chapters in this book were originally published in a special issue of the European Journal of Teacher Education

Understanding Education Research Gary Shank, Janice Pringle, Launcelot Brown, 2018-06-14 Understanding Education Research 2nd Edition is designed to help students learn to read educational research articles carefully systematically and critically Readers will learn how to categorize titles decode abstracts find research questions characterize research arguments break down methods and procedures explore references apply analysis strategies and interpret findings This textbook and quick reference guide allows students to easily develop the skills they need to become research literate and the 2nd edition has been updated throughout to offer simple guidelines for qualitative quantitative and statistical approaches and up to date information on complex and confusing methodologies
