Van Gogh and the Art of Living Anton Wessels, 2013-08-09 Vincent van Gogh believed that one had to learn to read just as one had to learn to see and learn to live Van Gogh conveyed a message in his work about the path that he himself followed that was more true to life the path that human beings walk in their turbulent existence the pilgrimage along the various stages of the road of life He does not speak about the meaning of life but about the true art of living It is fascinating to see and read the moving way in which he wrestled with the deep human questions of the whence why and whither of life He did not see himself doing this on his own but acknowledged kindred spirits and allies in preachers preacher poets painters writers and other artists who also attempted to find their own way through life in a similar fashion Van Gogh was aware like no other of his duty and task in life his vocation as human being and artist That means that he was well acquainted with loneliness fear and despair including suicidal tendencies Nevertheless he understood himself as cut out for faith rather than resignation Human beings follow their life's path through storms and dangers on land and on sea where the star of the sea the Virgin Mary helps them and provides light Van Gogh rejected the unhealthy sickly forms of religion electing instead to embrace authentic forms of piety Art in Reproduction Robert Verhoogt, 2007 This illuminating study examines the cultural meaning of artistic reproduction in a refreshingly new context through its consideration of how three artists managed the reproduction of their work *Van Gogh in England* Vincent van Gogh, Debora Silverman, 1992 The Copy Turns Original Cornelia Homburg, 1996 In 1889-90 van Gogh produced a series of painted copies of work of other artists This study concentrates on this category of paintings in which the artist intentionally imitates an existing composition and reproduces it using his personal form of pictorial language **Vincent Van Gogh: Commentary and indexes** Vincent van Gogh, 2009 Vincent van Gogh's letters have long been prized as some of the most valuable documents in the world of art Not only do they throw light on Van Gogh's own complex and intriguing character they enlighten the whole creative process as seen through his eyes This book presents biographical and art historical information Vincent van Gogh's letters have long been prized as some of the most valuable documents in the world of art Not only do they throw light on Van Gogh's own complex and intriguing character they enlighten the whole creative process as seen through his eyes Now Van Gogh's entire existing correspondence is to be published in the most complete edition ever produced illustrated extensively throughout and drawing on fifteen years of scholarship and dedicated research For the first time all the works to which Van Gogh refers will be shown alongside the letters not only the paintings and drawings that he himself was working on at the time but also the works of art by others that he mentions Sketches that Van Gogh made throughout the letters themselves are all reproduced here at full size In over 900 letters we can observe Van Gogh's thoughts and opinions at first hand as well as his close ties with his brother Theo his sometimes troubled relationships with friends and fellow artists his personal doubts and fears and above all his overriding passion for his art This edition is not only an immense treasure trove of biographical and art

historical information it provides a lasting pleasure as a personal written testimony to a life consecrated to art **Ary Scheffer 1795-1858 : gevierd romanticus** Leo Ewals,1996 **Ary Scheffer bewonderd door Vincent van Gogh** Leo Ewals,Ary Scheffer,Vincent van Gogh,1990 Van Gogh's Imaginary Museum Chris Stolwijk,Sjraar Van Heugten,Leo Jansen,2003-05 By juxtaposing these other artists works with many of Vincent s most powerful and best loved paintings the exhibition reveals a fascinating dialogue between one artistic genius and his art historical predecessors **Jong Holland**,2005 **Boekbespreking** L.J.I.
