

AS I SEE IT

THE AUTOBIOGRAPHY OF J. PAUL GETTY

BY J. PAUL GETTY

As I See It The Autobiography Of J Paul Getty

J. Paul Getty

As I See It The Autobiography Of J Paul Getty:

As I See it J. Paul Getty, 2003-06-26 In his candid and witty autobiography famed tycoon J Paul Getty invites readers to glimpse the twentieth century from the vantage point of a man who lived as he puts it through the most exciting and exhilarating and most turbulent and terrible eight decades of human history Whether describing how he amassed his staggering fortune recounting conversations with intriguing personalities of the day or frankly discussing his marriages and liaisons J Paul Getty sets the record straight once and for all He even speaks honestly about his notorious stinginess and the bizarre problems faced by the impossibly wealthy Energy in American History Jeffrey B. Webb, Christopher R.

Fee, 2024-05-30 Contextualizes and analyzes the key energy transitions in U S history and the central importance of energy production and consumption on the American environment and in American culture and politics Focusing on the major energy transitions in U S history from the pre industrial era to the present day this two volume encyclopedia captures the major advancements events technologies and people synonymous with the production and consumption of energy in the United States Expert contributors show how for example the introduction of electricity and petroleum into ordinary American life facilitated periods of rapid social and political change as well as profound and ongoing impacts on the environment These developments have in many ways defined and accelerated the pace of modern life and led to vast improvements in living conditions for millions of people just as they have also brought new fears of resource exhaustion and fossil fuel induced climate change Today as America begins to move beyond the use of fossil fuels toward a greater reliance on renewables including wind and solar energy there is a pressing need to understand energy in America s past in order to better understand its energy future **Slaves and Other Objects** Page duBois, 2008-03-15 Page duBois a classicist known for her

daring and originality turns in this new book to one of the most troubling subjects in the study of antiquity the indispensability of slaves in ancient Greece DuBois argues that every object and text in the world of ancient Greece bears the marks of slavery and the need to reiterate the distinction between slave and free And yet the ubiquity of slaves in ancient societies has been overlooked by scholars who idealize antiquity misconstrued by those who view slavery through the lens of race and obscured by the split between historical and philological approaches to the classics DuBois begins her study by exploring the material culture of slavery including how most museum exhibits erase the presence of slaves in the classical world Shifting her focus to literature she considers the place of slaves in Plato s Meno Aristotle s Politics Aesop s Fables Aristophanes Wasps and Euripides Orestes She contends throughout that portraying the difference between slave and free as natural was pivotal to Greek concepts of selfhood and political freedom and that scholars who idealize such concepts too often fail to recognize the role that slavery played in their articulation Opening new lines of inquiry into ancient culture **Slaves and Other Objects** will enlighten classicists and historians alike *The Almanac of American Philanthropy* Karl Zinsmeister, 2017-10-17 Philanthropy in America is a giant undertaking every year more than 390 billion is voluntarily given

by individuals foundations and businesses to a riot of good causes Donation rates are two to ten times higher in the U S than in comparable nations and privately funded efforts to solve social problems enrich culture and strengthen society are among the most significant undertakings in the United States The Almanac of American Philanthropy was created to serve as the definitive reference on America s distinctive philanthropy Upon its publication it immediately became the authoritative yet highly readable 1 342 page bible of private giving chronicling the greatest donors in history the most influential achievements the essential statistics and summaries of vital ideas about charitable action Now there is this new Compact Edition of the Almanac It offers highlights of the crucial information and fascinating arguments contained in the full length Almanac in a condensed format All updated to 2017 Encyclopedia of History of American Management Morgen Witzel,2005-05-15 Containing more than 250 entries this unique and ambitious work traces the development of management thinking and major business culture in North America Entries range from 600 words to 2500 words and contain concise biographical detail a critical analysis of the thinkers doctrines and ideas and a bibliography including the subject s major works and a helpful listing of minor works *Encyclopedia of American Business History* Charles R. Geisst,Ambassador Charles a Gargano Professor of Finance Charles R Geisst,2014-05-14 Presents an alphabetically arranged reference to the history of business and industry in the United States Includes selected primary source documents *Toward a New Psychology of Gender* Mary M. Gergen,Sara N. Davis,2013-11-12 Drawn from a brilliant array of voices primarily from psychology but also from other social sciences and humanities this unique reader of creative and intellectually provocative essays investigates the social construction of gender For the past several decades those involved with the study of the psychology of women and gender have been struggling for recognition within the framework of psychology This volume brings together the writings from psychology philosophy psychoanalysis history women s studies education and sociology that critique mainstream thinking and exemplify new ways of creating inquiry *International Encyclopedia of Civil Society* Helmut K. Anheier,Stefan Toepler,2009-11-24 Recently the topic of civil society has generated a wave of interest and a wealth of new information Until now no publication has attempted to organize and consolidate this knowledge The International Encyclopedia of Civil Society fills this gap establishing a common set of understandings and terminology and an analytical starting point for future research Global in scope and authoritative in content the Encyclopedia offers succinct summaries of core concepts and theories definitions of terms biographical entries on important figures and organizational profiles In addition it serves as a reliable and up to date guide to additional sources of information In sum the Encyclopedia provides an overview of the contours of civil society social capital philanthropy and nonprofits across cultures and historical periods For researchers in nonprofit and civil society studies political science economics management and social enterprise this is the most systematic appraisal of a rapidly growing field The Architecture of Influence Amanda Reeser Lawrence,2023-11-21 How do we create the new from the old The Architecture of Influence explores this fundamental

question by analyzing a broad swath of twentieth century architectural works including some of the best known examples of the architectural canon modern and postmodern through the lens of influence The book serves as both a critique of the discipline s long standing focus on genius and a celebration of the creative act of revisioning and reimagining the past It argues that all works of architecture not only depend on the past but necessarily alter rewrite and reposition the traditions and ideas to which they refer Organized into seven chapters Replicas Copies Compilations Generalizations Revivals Emulations and Self Repetitions the book redefines influence as an active process through which the past is defined recalled and subsequently redefined within twentieth century architecture *Onassis Business History, 1924—1975* ,2023-11-13

Aristotle Onassis was the most famous shipowner of the twentieth century He became the archetype and image of the ship owning magnate the symbol of Greek enterprise on a global scale What distinguished him from the rest was that he created the shipping business of the new global era combining the European maritime tradition and the American institutions and resources Almost all books written on Onassis focus on his lifestyle and personal life This is the first book examining all aspects of his multi faceted global business activities in the shipping airline and oil industries It is based on the newly formed Onassis Archive comprising thousands of new and unpublished files of his core business Contributors are Alexandra Papadopoulou Amalia Pappa Maria Damilakou Lars Scholl and Christos Tsakas
