A Pot Of Paint Aesthetics On Trial In Whistler V Ruskin:

POT OF PAINT Linda Merrill, 1992-02-17 A Pot of Paint reconstructs the lost transcript and revisits the highly contested issues surrounding one of the most celebrated trials in the history of art A libel suit brought in the London courts by American expatriate artist James McNeill Whistler against John Ruskin England's most powerful art critic the trial was essentially a debate of aesthetic theory conducted at a critical hour in the evolution of modern art After viewing an 1877 exhibition that included some of Whistler's most abstract works Ruskin declared in print that the artist had flung a pot of paint in the public's face He called Whistler a coxcomb and said that it was the height of cockney impudence to ask two hundred guineas for a painting such as Nocturne in Black and Gold The Falling Rocket The dispute was fully covered in the popular press Using those newspaper accounts as well as letters legal papers Ruskin's instructions to his counsel and Whistler's later rendition of events in *The Gentle Art of Making Enemies* Linda Merrill reveals the deeply held contrary aesthetic ideals of the two parties and shows that in many ways the real litigants in Whistler v Ruskin were traditional representational art and art that tended toward abstraction During eighteen months of pretrial delays and two days of testimony from Whistler and several well known figures in the art world London debated the value and the meaning of art A Pot of Paint retrieves these debates for a society that continues to argue the merits of innovation in art and the place of art in the modern world **BOOK JACKET** Title Summary field provided by Blackwell North America Inc All Rights Reserved **The World in Paint** David Peters Corbett, 2004 This anonymous manuscript play has long been the subject of scholarly dispute regarding its relationship with Shakespeare's *Richard II* This edition which thoroughly re-examines the text situates the play within its historical and political context relating it to the genre of chronicle drama to which it belongs The manuscript is of particular interest in that it appears to have been used in the playhouse over a considerable period of time and contains what seems to be evidence of the theatre practice of the time The play is also of special interest for its skilful and original handling of source material which may well have influenced Shakespeare's *Richard II* The extensive appendices drawn from Holinshed Grafton and Stow provide the reader with the opportunity to investigate the manner in which the dramatist has shaped the material The editors argue for the play's stage worthiness and dramatic complexity suggesting that its range both of dramatic tone and social inclusiveness indicate the work of a dramatist of considerable skill and subtlety equal or superior to the Shakespeare of the *Henry VI* plays *Children's Culture and the Avant-Garde* Marilyn Strasser Olson, 2013-03-05 This volume explores the mutual influences between children's literature and the avant garde Olson places particular focus on fin de siècle Paris where the Avant garde was not unified in thought and there was room for modernism to overlap with children's literature and culture in the Golden Age The ideas explored by artists such as Florence Upton Henri Rousseau Sir William Nicholson Paula Modersohn-Becker and Marc Chagall had been disseminated widely in cultural productions for children their work in turn influenced children's culture These artists turned to children's culture as a new way of seeing allied to a

contemporary interest in international artistic styles Children's culture also has strong ties to decadence and to the grotesque the latter of which became a distinctively Modernist vision This book visits the qualities of the era that were defined as uniquely childlike the relation of childhood to high and low art and the relation of children's literature to fin de siècle artistic trends Topics of interest include the use of non European figures the Golliwogg approaches to religion and pedagogy to oppression and motherhood to Nature in a post Darwinian world and to vision in art and life Olson's unique focus covers new ground by concentrating not simply on children's literature but on how childhood experiences and culture figure in art

"Elizabeth Robins Pennell, Nineteenth-Century Pioneer of Modern Art Criticism " KimberlyMorse Jones, 2017-07-05 Mining various archives and newspaper repositories Elizabeth Robins Pennell Nineteenth Century Pioneer of Modern Art Criticism provides the first full length study of a remarkable woman and heretofore neglected art critic Pennell a prolific New Art Critic helped formulate and develop formalist methodology in Britain at the end of the nineteenth century which she applied to her mostly anonymous or pseudonymous reviews published in numerous American and British newspapers and periodicals between 1883 and 1923 A bibliography of her art criticism is included as an appendix In addition to advocating an advanced way in which to view art Pennell used her platform to promote the work of new artists including J. M. W. Turner and Edgar Degas which had only recently been introduced to British audiences In particular Pennell championed the work of James McNeill Whistler for whom she along with her husband the artist Joseph Pennell wrote a biography Examination of her contributions to the late Victorian art world also highlights the pivotal role of criticism in the production and consumption of art in general a point which is often ignored

The Art of Scandal Sean Latham, 2012-09-13 Latham proposes that writers and readers throughout the early 20th century revived the codes and habits of the roman clef as part of a larger assault on Victorian realism modernism He elaborates a concept of modernism that weaves coterie culture with the mass media psychology with celebrity and literature with the law
