A Newbies Guide To iTunes 11:

A Newbies Guide to iTunes 11 Minute Help Guides, 2013-05-11 Since its auspicious debut in early 2001 Apple's iTunes software has evolved from a mediocre piece of jukebox software into an absolute entertainment juggernaut. What was once just a clumsy program without much of a purpose has become the centerpiece of the Apple content world. Your iPhone, iPad, even your Apple TV rely on iTunes to get all of that great Apple content where you need it to go. No longer just one of dozens of repositories for the MP3s scattered across your computer, iTunes 11 is essential for organizing and enjoying your music, podcasts, television shows, and everything in between. This guide will take you through everything you'll need to know to master iTunes 11. From creating playlists to working with iTunes Match, we'll take you through it step by step, teaching you the skills you need to learn to be an iTunes pro in way less time than you'd think. iTunes 11, especially for the computer novice, can be a complicated program, but it doesn't have to be. This guide will teach you what you need to know, saving the fluff for people with time to waste. Ready to get started? Let's go.

[Absolute Beginner's Guide to iPod and iTunes](#) Brad Miser, 2007 Since the inception of iTunes, the iPod, the best-selling portable digital music player, and iTunes Music Store, Time magazine's Invention of the Year for 2003, Apple has taken the world of digital music by storm. The Absolute Beginner's Guide to iPod and iTunes, Third Edition, provides all the information that music and media fans need to get the most out of these amazing digital devices and tools. From the basics of listening to audio CDs to advanced customization of music on an iPod, this book equips even those who have never explored digital audio to master their digital music by using these awesome tools. The book covers both Windows and Macintosh platforms to reach the broadest possible audience. The book is organized into two major parts, with each focusing on an element of the iPod and iTunes, and finally a third part focusing on the iTunes Music Store. Along the way, it explains how all of these tools work together and shows readers how to get the most from them. It progresses from very basic topics in a logical manner to lead even absolute beginners on the path to musical mastery.
