

HOW TO ACE AN INTERVIEW

Job interviews aren't fun for anyone. Everyone feels the same sense of delight when you find out that an employer wants you to come in for an interview, but soon the nerves kick in.

We've created a fact sheet of tips to help you ace that interview.

KNOW YOUR FACTS

Do your research! Before stepping foot in the interview room, you must first learn more about the company. Use the resources that you have such as search engines, their website, news outlets, social medias and inside knowledge.

KNOW THE JOB

Although you may think that you know all about the job you have applied for don't let that stop you from learning more about it. An interviewer is going to ask you why you want that job.

MAKE A GOOD FIRST IMPRESSION

First impressions last! If you do not make the right one you are less likely to get the job. Make sure to smile and be yourself. If you try too hard and are not yourself, an interviewer will be able to see it.

BE CONFIDENT BUT NOT COCKY

It may seem hard to do this but you need to get the balance right. Be confident and be aware of your strengths. Although an interview is a chance to really sell yourself, it's also important to acknowledge your weaknesses and to know how you deal with them.

LOOK THE PART

Looks aren't everything, but first impressions are! Being presentable is key, if an employer thinks you look smart they are going to get that professional opinion of you. Not only this but you also have to carry yourself in a professional manner. So essentially this mean no hoodies and no slouching!

PLAN THE DAY BEFORE

Be prepared, you need to make sure you are ready! There is no use trying to cram in a load of research in the morning – you need the day before to prepare yourself so you are calm the morning of your interview.

ENGAGE WITH THE INTERVIEWERS

Eye contact, handshakes, head nods – just a few of the things you can do during your interview that will make your interviews feel like it is a two-way conversation and not just them questioning you. If you can engage well with an interviewer they will feel a stronger connection with you rather than someone who answers abruptly and waits for the next question.
