Arab Revolutions And World Transformations Rethinking Globalizations:

Arab Revolutions and World Transformations Anna Agathangelou, Nevzat Soguk, 2013-09-13 Stories about institutions and regimes that have failed us are echoing worldwide This book critically engages the multiple uprisings in the Middle East and North Africa MENA following the self immolation of Tunisian street vendor Mohamed Bouazizi in December 2010 It brings together authors who critically analyse the unstoppable force unleashed in the streets of Tunisia Egypt Bahrain Syria Libya and Yemen This book analyses the roots and trajectory of the recent revolts in the context of the global transformations that have redefined the politics of movement and revolution For example some authors engage extensively with the strategies embraced by the younger generation of activists Others argue that the power of these revolutions lies in the people s creative orientations including their collaborations While much of the mobilization efforts in these different parts of the world happen through word of mouth radio cartoons placards and SMS services sites such as Facebook helped people meet each other with a click carrying their claims through stories songs poetry and art of protest across international borders quickly enabling them to rapidly bring authoritarian regimes to the brink of collapse and make a qualitatively different expression of uprisings All authors in this volume address the question of the stakes in these revolts as through them spectacular and everyday violence can be challenged and alternative social projects can emerge Neither a footnote to the West s history nor an appendix to neoliberal capitalist global projects people are actively drawing on their power to disrupt domination and oppression creatively responding to global problems and calling for democratic institutions with viable ecologies This book was published as a special issue of *Globalizations*

Dialectics in World Politics Shannon Brincat, 2017-10-02 This volume explores the conceptual methodological and praxeological aspects of dialectical analysis in world politics As dialectics has remained an under theorised analytical tool in international relations this volume provides a critical resource for those seeking to deploy dialectics in their own research by showcasing its effectiveness for understanding and transforming world politics Contributions demonstrate a number of innovative ways in which dialectical thinking can be of benefit to the study of world politics by covering three thematic concerns i conceptual or meta theoretical dimensions of dialectics ii methodological features and general principles of dialectical approaches and iii applications and or case studies that deploy a dialectical approach to world politics Canvassing a diverse range of dialectical approaches on key issues in world politics from global security to postcolonial resistances from the theoretical problems of reification and complexity to the study of the global futures and the intercultural historical expressions of dialectics Dialectics and World Politics offers key insights into the social forces and contradictions that are generative of transformation in world politics and yet routinely downplayed in orthodox approaches to international relations Each chapter demonstrates how dialectics can be utilized more broadly in the discipline and deployed in a critical fashion as part of an emancipatory project This book was originally published as a special issue of Globalizations

Counter-Globalization and Socialism in the 21st Century Thomas Muhr, 2013-06-26 Framed by critical globalisation theory and David Harvey's co revolutionary moments as a theory of social change this book brings together a multi disciplinary team of researchers to empirically analyse how socialism is being constructed in contemporary Latin America and the Caribbean and beyond This book uses the case of the Bolivarian Alliance for the Peoples of Our America Peoples Trade Agreement ALBA TCP to invite to a re thinking of resistance to global capitalism and the construction of socialism in the 21st century Including detailed theory based ethnographic case studies from Bolivia Cuba El Salvador Nicaragua Venezuela and the USA the contributors identify social and structural forces at different levels and scales to illuminate politics and practices at work Centred around the themes of democracy and justice and the more general reconfiguration of the state society relations and power geometries at the local national regional and global scales ALBA and Counter Globalization is at the forefront in the trend of interdisciplinary approaches to the study of social phenomena of global relevance Counter Globalization and Socialism in the 21st Century will be of interest to students and scholars of Latin American politics global governance global regionalisms and rising powers

Gender Matters in Global Politics Laura J. Shepherd, 2014-07-17 Fully revised and updated this second edition of Gender Matters in Global Politics is a comprehensive textbook for advanced undergraduates studying feminism War Terrorism and political violence Land food and water International legal institutions Peacebuilding institutions and post conflict reconstruction Citizenship Art aesthetics and

emotionality and New social media and global resistance This text enables students to develop a sophisticated understanding of the work that gender does in policies and practices of global politics

Rethinking Ideology in the Age of Global Discontent Barrie Axford, Didem Buhari-Gulmez, Seckin Baris Gulmez, 2017-12-01 Over the last decade anti government demonstrations worldwide have brought together individuals and groups that were often assumed unlikely to unite for a common cause due to differences in ideological tendencies They have particularly highlighted the role of youth women social media and football clubs in establishing unusual alliances between far left and far right groups and or secular and religious segments of the society In this wide ranging volume the contributors question to what extent political ideologies have lost their explanatory power in contemporary politics and society This book aims to contribute to the ongoing debates about the relationship between ideology and public protests by introducing the global context that allows the comparison of societies in different parts of the world in order to reveal the general patterns underlying the global era Tackling a highly topical issue this book will be of particular interest to students and scholars of international relations social movements and globalization

Global Governance, Legitimacy and Legitimation Magdalena Bexell, 2017-10-02 Rules set by global governance organizations affect communities across the world Such organizations increasingly seek to obtain legitimacy in the eyes of groups beyond their member state elites This book advances scholarly debate on the politics of legitimacy and legitimation in global governance It brings together researchers from different subfields of International Relations in order to highlight trends and contradictions in the contemporary politics of legitimacy across areas of sustainable development humanitarian relief responsible investment sustainable fisheries and labour standards The chapters explore legitimation efforts by various forms of global governance bodies such as intergovernmental organizations public private partnerships and fully private bodies The book demonstrates that different governance forms beyond the nation state share deep legitimacy challenges and engage in continuous legitimation attempts Questions on the audiences of such legitimation attempts are particularly pivotal in understanding the politics of legitimacy Audiences are not predetermined but constituted through interaction between legitimation efforts and the reactions to those of targeted and other groups mirroring broader global power relations This book was published as a special issue of Globalizations

US Approaches to the Arab Uprisings Amentahru Wahlrab, Michael J. McNeal, 2017-12-11 From nonviolent protests in Cairo and Manama to the ousting of Libya's Gaddafi and the beginning of the Syrian Civil War the series of uprisings which swept through the Middle East and North Africa from late 2010 have been burdened with the collective hopes and expectations of the world Western supporters quickly identified these uprisings as a collective awakening a move towards democracy but the continued unrest in these regions defies many of these more optimistic contemporary predictions As the region remains unstable the US and their Western allies are faced with the challenging task of modifying their strategic foreign policy goals to suit the currently mercurial Arab World The Arab Spring and its failure exposed a new set of questions What motivates American democracy promotion Does the US

really want self determination in the Middle East and North Africa Where did the expectations of the protestors fit into this narrative U S Approaches to the Arab Uprisings provides a comprehensive assessment of Western foreign policy towards the Arab World today With analysis on subjects as diverse as social media and Islamic centrism and drawing from examples throughout the MENA region the book deals with the perception of Arabs and Arab culture in the American psyche and its effect on East West relations By analyzing both Western responses to uprisings and the reactions of the protestors themselves the contributors expose theoretical and practical inconsistencies that suggest a rising tension between those that promote democracy and those who practice it

Routledge Handbook of the Arab Spring Larbi Sadiki, 2014-12-17 The self immolation of Mohammed Bouazizi in Tunisia in December 2010 heralded the arrival of the Arab Spring a startling yet not unprecedented era of profound social and political upheaval The meme of the Arab Spring is characterised by bottom up change or the lack thereof and its effects are still unfurling today The Routledge Handbook of the Arab Spring seeks to provide a departure point for ongoing discussion of a fluid phenomenon on a plethora of topics including Contexts and contests of democratisation The sweep of the Arab Spring Egypt Women and the Arab Spring Agents of change and the technology of protest Impact of the Arab Spring in the wider Middle East and further afield Collating a wide array of viewpoints specialisms biases and degrees of proximity and distance from events that shook the Arab world to its core the Handbook is written with the reader in mind to provide students practitioners diplomats policy makers and lay readers with contextualization and knowledge and to set the stage for further discussion of the Arab Spring

Occupying Subjectivity Chris Rossdale, 2017-10-02 This book explores a variety of forms of radical political subjectivity It takes its cue from the 2011 uprisings in the Middle East and North Africa the Occupy Movement and the European Anti Austerity Movement alongside the wider opposition to authoritarian and neoliberal forms of governance from which they sprang in order to ask an urgent series of questions about the subject of radical politics Who or what is it that engages in resistance Who or what should they be And how are we to negotiate the many complexities of that second question The contributions drawing on a wide range of theoretical traditions offer a rich series of provocations towards new ways of conceptualising evaluating and imagining radical political praxis They engage different kinds of subjects including protestors dancers self burners academics settlers and humans in order to think through the ways in which contemporary subjects are constituted within and work to unsettle dominant relations of power Together the chapters open up spaces to think about how political and intellectual commitment to social change can be enlivened through attention to the subject of radical politics This book was published as a special issue of Globalizations
